First talks on GC Steel assessment underway

Discussions to avoid future disagreements over the tax assessment of Granite City Steel began Friday as Granite City Township Assessor Von Dee Cruse met with William Swanson, vice president and executive director of the Granite City Steel Division of National Steel Corp., met for the first time.

"I think it went real well," Cruse said after the meeting. He said they discussed the history of the conflict over the mill's 1983 and 1984 assessments and commented, "They know they made some mistakes. There is no way they want to bankrupt our community. Even if they had been able to get an 82 percent (assessment) reduction, they wouldn't have done it," he concluded of the discussion.

"THE MAJOR questions (still to be resolved) are how do we agree on an appraiser and setting some guidelines on what is real estate and what is personal property," Cruse commented.

"I am convinced they have been good corporate citizens and recognize their responsibility. I know there is no effort on their part to harm the community."

"I think we've really made some progress, a large part due to the Press-Record, which brought us together," Cruse added.

GRANITE CITY Steel filed its second installment of real estate taxes under protest a week ago and there were hints the company may seek a court injunction to prohibit the county from distributing any of that \$1.8 million to the taxing bodies.

Several positive statements from the company and Cruse were passed on by the Press-Record, at each side's request, to the other and Thursday morning Granite City Steel announced that it will not fight the distribution of its taxes.

A statement issued Thursday morning by the steel company explained its position. The text follows:

"GRANITE CITY Steel officials announced today that they do not plan to seek an injunction or initiate any other legal action to bar use of taxes is paid under protest Monday, Nov. 26.

"Company authorities also said that they do presently plan to hire an appraiser of the highest professional (Continued on Page 8)

CORNERSTONE IS BLESSED. Archbishop Mesrob Ashjian of New York City blesses the cornerstone Sunday of the new Community Center to be constructed by St. Gregory the Illuminator Armenian Apostolic Church off West Pontoon Road near Missouri Avenue. Work is to begin April 1 with a target completion date of Sept. 1. The multi-use building will seat 500 to 600 persons and will be available for public use. At left is Raffi Ovan, chairman of the building committee and a member of the board of trustees at the church, and at right is Ed Asadorian, also a trustee. A large crowd was on hand for the blessing and groundbreaking. (Press-Record Photo by Patrick Foley)

Weber is critical of judges

Still outspoken despite losing his re-election bid, State's Attorney Don Weber last week called judges "a bad lot in Madison County. They're really sad at doing something about drug abuse."

The Republican prosecutor is displeased with Democrats' monopoly of the eight circuit judgeships and 18 associate judgeships. He was guest speaker at a meeting of Citizens for Chemical-Free Youth, an Alton-Godfrey group that met in the Alton High School cafeteria.

ALTHOUGH SEVERAL drug dealers have received long prison sentences after investigations by the Metropolitan Enforcement Group of

Southwestern Illinois, Weber feels there is too soft an official attitude toward drug problems.

He recalled that early in his term as state's attorney, police dogs were used to sniff for drugs in high school lockers—one of the best things we did in Madison County.

Weber said he would like to return to public office as a federal judge or U.S. attorney to "do something" about drugs in this region.

HE URGED members of his audience to keep a close watch on Third Circuit courts and let judges know how they feel about enforcement of laws.

Weber said a school drug search "ought to be repeated, and it won't

be. There were drugs. We just had problems with the dogs. If the dogs were better, we would have caught some of them.

There is a real drug abuse problem. Those who think differently are just putting their heads in the sand. Liberals wanted to disavow the idea that drug abuse was going on in the high schools.

"OUR GRAND JURY investigations at the same time, 1982, proved there were drugs in the schools."

Critics of the searches—and of questioning of students by grand jurors—including the American Civil Liberties Union.

Contract is awarded for I-270 surfacing

The Illinois Department of Transportation has awarded a \$778,128 contract for resurfacing 1.34 miles of Interstate 270 between the Mississippi River bridge and the Chain of Rocks Canal bridge. It was announced Friday.

The work includes concrete patching, grinding and pipe underdrains. C.D. Peters Construction Co. of Granite City was the successful bidder.

THE LOCAL PROJECT was among 17 throughout the state for which contracts valued at \$19.7 million were awarded after an analysis of the bids opened Sept. 21 and Oct. 26.

Meanwhile, a study by State Comptroller Roland W. Burris showed Friday that new revenues from increased taxes and fees are helping to

reverse the trend toward poor road conditions.

"Future state and federal funding should be sufficient to repair, maintain and expand the Illinois highway system," Burris forecast. He related, "Roads at both the state and federal level had deteriorated to such a point that drastic action became necessary."

"IN 1983, the federal gasoline tax rose from four to nine cents per gallon. To match those funds, the Illinois legislature increased motor fuel taxes, licenses and fees and created a new fund for highway construction purposes."

"With more increases this fiscal year, revenues have been made available to construct and rebuild a (Continued on Page 4)

Committee recommends that new squad cars be Chevrolets

After weighing the attributes of buying locally, members of the Granite City aldermanic police committee have decided to recommend that the city purchase five police cars from John Novotny Chevrolet. The action is subject to approval by the entire City Council tomorrow night.

Novotny is the lowest local bidder. Aided by the city's contract with Illinois State Police to provide 1985 vehicles, Dave Croft Chrysler of Collinsville would charge \$47,782 for five Dodge Diplomats, \$3,324 less than the Novotny bid for Chevrolets.

TWO OTHER BIDS were received. Granite Chrysler Plymouth, for

five Gran Fury Salons, bid \$52,852; Kostling Ford of Granite City bid \$54,082 to deliver five LTD Crown Victorias.

These prices reflect the bid plus a \$1,250 charge for changeover of electronic gear from the old cars to the new cars, if the charge has not (Continued on Page 8)

Allocate amnesty funds to schools

The Illinois Senate voted 50-0 Thursday to channel to public schools all of the money collected from the state's tax amnesty program.

The total stood at \$42.7 million Thursday night and is expected to grow with inclusion of the final day's collections. The last day, Friday, was described as an extremely busy time for the staff members who were accepting delinquent taxes.

ILLINOIS HOUSE action on use of

the amnesty funds is expected next week. Despite the senators' vote, Chicago teacher talks broke down during the weekend, leading to strike plans there this week.

In legislation approved last week and sent to the governor, bond sales were authorized for road paving at the Lewis and Clark State Memorial Park here and for expanding and renovating the lodge at Pere Marquette State Park, Grafton.

The McCormick Place convention center in Chicago is to be expanded. Also, initial funding is being provided for the 1992 Chicago World's Fair.

BI-STATE BOARD appointments would have been altered under a bill defeated Thursday by the Illinois Senate. On a 24-18 vote, 12 votes short of the 36 needed, senators refused to override a veto of the plan.

County board chairmen in Madison, St. Clair and Monroe coun-

ties would have submitted names of potential members of the Bi-State Development Agency board. The three would have picked slots of (Continued on Page 8)

Unemployment dips

Primarily due to a decline in the workforce of 250 persons, unemployment in Granite City dipped from 13.5 percent in September to 12.7 percent in October, according to figures released Friday by the Bureau of Employment Security of the Illinois Department of Labor.

According to October's preliminary figures, the city's workforce declined from 20,250 persons in September to 20,000 in October. The number of Granite City residents actively employed also dropped during the same period, from 17,525 to 17,450 in October, the figures show.

Unemployment among Granite City residents also declined, from 2,725 to 2,550, not including those who have left the workforce or whose unemployment benefits have expired.

Countywide, unemployment inched up slightly, from 9.9 percent in September to 10.1 percent in October, according to the latest report. Of a workforce of 130,975 in the county in October, 13,175 were on the unemployment rolls.

Three nearby counties recorded higher October unemployment rates than Madison County, the highest being Calhoun County at 15.7 percent unemployed. That was followed by Jersey County at 11.7 percent and Bond County at 10.9 percent.

Counties in the seven-county region with lower unemployment rates than Madison County included Clinton at 2.6 percent, St. Clair at 9.3 percent and Monroe at 8.5 percent.

The average for the seven-county region was 9.6 percent as 28,650 persons were unemployed from a workforce of 296,850.

Granite City continued to have the highest unemployment rate among large cities in those counties with 12.7 percent in October. Trailing were Alton at 12.3 percent, East St. Louis at 11.8 percent and Belleville at 11.5 percent.

Statewide, unemployment climbed from 8.4 percent in September's final figures to 8.8 percent in the October preliminary totals. Of a workforce of 5,612,000 in October, 492,000 were unemployed, the report shows. That compares to a workforce of 5,559,000 in September with 466,000 on the unemployment rolls.

Arthur V. Atkins, 27, of Fairmont City was charged with resisting arrest, disorderly conduct and criminal damage to property when arrested last week in Granite City. He was freed upon posting a \$350 cash bond.

Linda Atkins of the 1600 block of E. 23rd Street, alleged to local police that her estranged husband, Arthur, caused problems at a Madison tavern, where a report was taken by a Madison County deputy sheriff. She believed that he then went to her apartment, she said.

When Mrs. Atkins and a police sergeant arrived at the address, Atkins was coming out of the apartment, reports said. The police officer alleged being pushed when he tried to talk to the man and a scuffle ensued when Atkins was advised he was under arrest. Atkins reportedly broke free and ran, but was pursued and caught.

A couple which was babysitting

Mrs. Atkins' children alleged Atkins pushed his way into the apartment, but was talked into having a cup of coffee which he poured over his own head.

The man allegedly pushed one person around and left after ripping a telephone from the wall and breaking several household items. His arrest followed.

TAKEN TO COUNTY

AFTER APPEARANCE
Charles F. Valle, 30, of 3801 Kirkpatrick Homes, was arrested last week on an active warrant alleging failure to appear in court on a charge of driving with a suspended license. He was seen sitting at a bus stop on Nameoki Road at Clark Avenue and was arrested.

In a court appearance the same day, Valle pleaded innocent and a mittimus was issued. He was taken Tuesday to the Madison County Jail at Edwardsville.

GC woman to donate kidney for sister's transplant

Margaret Mary Carille, 26, of St. Louis and formerly of Granite City, will enter Barnes Hospital in St. Louis this week to undergo a kidney transplant operation. Her mother, Gloria Carille, says Miss Carille is suffering from total kidney failure.

The kidney that will be transplanted to Miss Carille will come from her sister, Regina Miller of Granite City. The operation is scheduled for Dec. 13.

Both women are graduates of Granite City High School North. Miss Carille is employed as a manager for a Burger King restaurant in downtown St. Louis, while Mrs. Miller works as a secretary at Louis Baer School in Madison.

Mrs. Carille says the sisters have done their homework on their upcoming operation. The two visited sisters Ella (Rodgers) Eoff and Gula (Rodgers) West, who underwent the same operation at Barnes Hospital on Nov. 13. Doctors say that operation was successful.

DUI charged after accident on Madison

Fred M. Weber, 21, of 2626 Lincoln Ave., apparently fell asleep while driving north on Madison Avenue last week and his vehicle crossed the southbound lanes, hitting a small tree and an upright pipe on the west side near the Sonic Gas Station, 1817 Madison Ave.

An officer responding to the accident said Weber was asleep in the car when he arrived at the scene. When he was unable to awaken the man, who allegedly had a bottle of beer in his possession, he showed no apparent injury, the officer took him to St. Elizabeth Medical Center in accordance with department policy.

Weber was awakened by the medical staff and left at SEMC for examination. He was transferred to the Granite City jail when no apparent injury could be detected.

He declined to take a blood alcohol test and was charged with driving under the influence of alcohol and illegal transportation of alcohol.

Later the same day, Weber was taken to the SEMC emergency room for a further check, but was returned to jail. He was released after posting a \$102 cash bond.

Pleds to resisting and conduct charges

Dennis M. Pigg, 30, of 2438 Ohio Ave., was charged there last week with resisting arrest and disorderly conduct.

On a second call to the dwelling, officers alleged Pigg was pushing and shoving his wife, Jane, who wanted to leave. He also made threats and continued shouting at the officers and his wife outdoors in the yard, it was alleged.

Told he was under arrest for disorderly conduct, Pigg ran into his mobile home and allegedly shoved the officer who was called and caught him, reports stated.

Pigg pleaded guilty in a court appearance at 3:35 p.m. Monday. He was fined \$150 and was released.

WARRANTS SERVED

ON CAR PASSENGER

After stopping an auto on Johnson Road at Carlson Avenue last week, officers cited the driver, Steve A. Bailey, 23, of 1733 Spruce St., with disobeying a traffic control device at Johnson and Nameoki roads, not having a valid driver's license and improper use of registration.

A passenger in the car, Daniel R. Richardson, 24, of the 2200 block of Miracle Avenue, who reported he now lives in Tennessee, was taken into custody on five active warrants, alleging two charges of driving with a suspended driver's license, speeding, illegal transportation of alcohol and disobeying a traffic control device.

Richardson appeared in the Granite City court and was released pending an appearance Friday. Bailey was released after posting a \$102 cash bond.

Penny, 12, needs long-term foster home in this area

Penny is an attractive 12-year-old girl with long brown hair. She enjoys riding her bicycle and roller skating and would like to learn how to play a musical instrument and become part of a school band, according to Carolyn Cleveland, resource development worker with the Illinois Department of Children and Family Services.

Because Penny's family moved frequently and she had to change schools, she is two years behind children her age in school. Penny's grades are average, and she enjoys school.

Penny has been in foster care for almost one year. She and her foster family have a positive relationship. Her foster mother enjoys Penny's interest and curiosity. Penny is always ready to learn a new skill. Her goal at this time is to take pom pom or baton twirling lessons. Penny's foster mother has also found her to be willing to do her share of family chores. She keeps her room in order and is a neat and clean person.

Penny must find a new foster home because her foster family must move from the area. The foster family's new home will be thousands of miles from here and Penny cannot go with them. "It will be very hard for her to adjust to a new home," Carolyn Cleveland comments.

Prospective foster parents must be willing to accept that Penny does not want to become a part of another family. Penny's adjustment to the break-up of her family and to her present family took a long time. She still experiences mood swings and can become depressed because she is separated from her loved ones.

Penny is in foster care because of sexual abuse. She can't visit her family at home because of the possibility of further abuse. Miss Cleveland wants to find a new foster family for Penny that will help her grow to her full potential, accept her, and be willing to make a long-term commitment to her.

Although the goal for Penny is to reunite her with her family, it is impossible to predict when or if this will

happen. Miss Cleveland is seeking prospective foster parents for Penny who plan to live in this area for several years.

"Penny does not need to face any more separations," the resource worker believes.

The prospective foster parent or parents should be willing to encourage Penny to attend counseling and sometimes accompany her to counseling. A single woman could be considered as a foster parent for Penny.

Penny's situation is exceptional. Most foster children remain in care for six to 12 months. They are, however, some children like Penny who will remain in foster care for several years.

Foster parents are being sought

Mrs. Hoff resigns from appeals board

Granite City aldermen accepted the resignation of Harriet Hoff, a member of the Granite City Board of Appeals.

In a letter to the council, Mrs. Hoff said she feels this is the best time to submit her resignation, since there is little construction during the winter months.

"I have learned much, and the experience of serving on the board has been pleasant most of the time," the letter read.

Former resident takes S. Dakota teaching post

Gerylene Larson has taken a teaching position with Bennett County High School in Allen, S.D. She will be teaching art at the school.

The daughter of John and Mary Kowalski of Granite City, Mrs. Larson moved from Granite City to Allen with her husband, Donald, who teaches at American Horse Day School.

She is a graduate of Southern Illinois University, and has been a substitute teacher in several school districts in southern Illinois.

for children of all ages. The most desperate needs are foster homes for black infants and for all children over 12 years of age. Foster parents may select the age, race, sex and race of children they will accept in their home.

Illinois pays a monthly board rate for each child in foster care. The rate varies from \$210 for an infant to \$250 for a child over 12 years of age. Medical, dental and pharmaceutical costs are paid separately by the state.

The Department of Children and Family Services also furnishes training to all prospective foster families.

Miss Cleveland concludes, "If you can offer Penny a loving, stable home, please call Jane Heathcote at 876-8985."

Man pleads innocent to trespass charge

Melvin A. Stroud, 30, of Granite City pleaded innocent to a charge of criminal trespass to property in a court appearance last week. He posted a \$52 cash bond and was released, pending a hearing.

Hein Stroud of the 200 block of Wilson Park Lane, approached an officer on Madison Avenue, alleging that her estranged husband, Melvin, had created problems at a Madison tavern and a Madison County deputy sheriff was called and had taken a report of the incident.

She asked the officer to accompany her to her residence. Upon arriving there, the officer saw Stroud leaving the house and getting into a car. The man was detained. Some conditions in the house were noted in the report.

After Mrs. Stroud allegedly showed the officer a court order judgment denying Stroud entry into the dwelling without his wife's permission, he was arrested.

DISPUTE ON PARKING LOT

Richard L. Burns, 17, of 1863 Spring Ave. was arrested for disorderly conduct after a dispute over auto ownership among two groups recently on a restaurant parking lot at Pontoon and Nameoki roads. A policeman—trying to prevent an altercation between Burns and another person—received left knee and left eye injuries.

Tips on keeping the yule tree fresh

By RONALD E. CORNWELL
Extension Adviser

A fresh Christmas tree will remain fresh and fragrant through the Christmas season if you will take care of it. A dried out tree will become a fire hazard in a short period of time.

How can you tell if you are buying a fresh tree? A fresh tree has certain basic characteristics. The needles should be pliant and firmly attached to the twigs. If the needles are brittle and tend to snap or shatter when bent between the fingers, the tree is probably quite dry. I would check the tree to see if it loses green needles when the tree is shaken or bumped lightly on the ground. This is an indication that the tree is dry.

To insure a fresh tree, I would suggest cutting your own Christmas tree from a local tree farm. If you cannot do this, purchase a tree as early as possible to insure greater tree freshness.

How should you care for a newly purchased Christmas tree? I would suggest cutting 1 to 1½ inches from the butt of the tree and promptly place the tree in a pail of fresh water. If you must store the tree before placing it in your home, store in a cool, wind free area such as your garage. Avoid storing the tree on the ground as it may become frozen in place and be difficult to move without breaking the branches.

DREW KARANDJEFF
PRESIDENT
GRANITE CITY TRUST

Q: I was recently asked by a friend for permission to name me as his executor. I wonder if you could tell me a little of what might be expected of an executor.

A: An executor is, in essence, the financial manager of an estate. The duties are varied, and depend largely upon the size of the estate. Generally, it is the duty of an executor to collect and inventory assets, to determine debts and claims against the estate, to determine and pay all taxes and distribute assets to beneficiaries and to manage the estate during settlement. These are very broad headings, and each may include a number of items. This very short description may also paint a picture of a lot of very detailed, time consuming legal and financial work. This is the reason many persons choose to name as their executor someone who is professional in the field. It may be a good idea for both you and your friend to talk to a bank officer before making the final decision as to the designation of an executor.

GRANITE CITY TRUST

How should you prepare your tree for display in your home? Be sure to use a stand that has a reservoir of adequate size for the tree that you have purchased. Before placing the tree in the stand, I would suggest making either a diagonal cut or a right angle cut on the butt of the tree. If a tree has been cut for any length of time, it will no longer absorb water. The fresh cut should improve the uptake of water by the tree.

How much water will a fresh cut tree absorb? It is not uncommon for a tree to use as much as two quarts of water during the first 24 hours it is inside the home. The tree should take up an average of a quart of water a day the first week. This will

vary depending on the size of the tree and how cool the house is kept. I would suggest checking the water level in the stand twice a day.

Where should you locate a Christmas tree in your home? I think it is important to avoid placing a tree near a heat vent unless that vent can be shut off for the Christmas season. Heat will dry out a tree very quickly. Be careful about placing a tree near an open fireplace. Reducing the room temperature will also reduce the amount of moisture a tree will lose through evaporation.

Make this Christmas a safe Christmas. Don't let your tree become a fire hazard.

Three injured when man goes into rage

Rhonda McMiller, 21, her mother, Meredith McMiller, 43, and her son, Andre McMiller, 2, were injured last week when a man entered the mother's home and beat all three with his fists and a stick.

The mother, of Madison, told police that her daughter was in the kitchen doing the laundry, when the man barged into the home and started arguing with her daughter. The man allegedly began striking her daughter with his fists and when the mother tried to intercede, the man started beating her too.

The fight moved into the kitchen and the woman's boy was also hit. The man then picked up a stick and allegedly started beating all three persons.

After the man left, police were summoned and all three victims were transported to St. Elizabeth Medical Center.

VANDALS DAMAGE NOVOTNY CHEVROLET

More than \$1,000 damage was caused by vandals who forced a fiberglass garage door open to get into the body shop at John Novotny Chevrolet, 2145 Madison Ave., last week.

The intruders destroyed three adding machines worth \$225 and broke overhead lights, several spotlights and vapor lights, valued at more than \$100.

Business records were scattered around the building. Damage to the overhead door was estimated at \$700.

Meredith McMiller received a cut to the top of her skull, which required 10 stitches. Rhonda McMiller received cuts to her head, eyebrow and bruises to her left eye and left ear. The boy suffered a large bruise to the center of his head and received six stitches for cuts.

MAN SERVED WARRANT

Raynard Parker, 23, of 143 Viola Jones Homes, Venice, was arrested by police recently at Fourth Street and Broadway in Venice. He was served with a warrant alleging failure to appear in court and failure to pay the fine on an unlawful possession of cannabis charge. Parker was released after agreeing to perform 149 hours of work for the city in lieu of paying a fine.

BATTERY IS ALLEGED

Larry L. Dunn, 24, of Granite City, was booked for alleged battery last week on a complaint signed by his wife, Cindy Dunn, 2618 Denver St., who alleged being threatened and struck about the head and body at the home.

ARRESTED ON 2 WARRANTS

Arrested at 19th Street and Niedringhaus Avenue at 7:30 p.m. Thursday, Mathew C. Stratton, 22, of 4021 Gaslight Walk, Pontoon Beach, was transferred a half-hour later to the Madison County jail on 1984 county warrants alleging driving a vehicle with no valid registration and violating a driving classification.

Long chase here thwarts theft of bag of caramels

Crime does not pay, two boys, aged 15 and 14, found out when they grabbed a bag of caramels and ran from Kozyn's Market, 2800 Nameoki Road, crossing Nameoki Road into the East Granite neighborhood on Thursday.

Police pursued them and noted two teenagers running in the vicinity of Charles Street and Hodges Avenue. The chase continued and the older boy was captured at 25th Street and Madison Avenue. The younger boy was taken into custody at Granite City High School.

The boy, 15, listed by Collinsville police as a runaway, was taken to the Madison County juvenile detention home.

The 14-year-old, a Granite Cityan, pleaded innocent to theft at a court hearing here Thursday afternoon and was released to his parents.

WOMAN'S HEAD IS INJURED

Mrs. Pamela Costello was forced outside a locked door of her home at 2540 State St. at 6 p.m. Thursday and a short time later was pushed onto a sidewalk, where her head was grasped and struck against the concrete surface. She then was hit with fists about the head after kicking and biting her husband, Joseph M. Costello, 33, arrested for battery, he was freed on \$52 bail.

THREE CHARGES ARE FILED

Kevin R. Krug, 26, of 2406 Illinois Ave., was arrested on 23rd Street on charges that he drove his pickup truck carelessly, drove while his license was revoked and drove while under the influence of alcohol. Officers alleged the vehicle's tires were squealing and smoking. Krug pleaded innocent Thursday afternoon and was held in lieu of \$252 bail.

VACUUM PUMP TAKEN

Howard Spiroff of 1615 Pontoon Road, told Venice police recently that someone broke the lock on his truck and took a new vacuum pump. The truck was parked in front of 1103 Market Street, at the time of the incident.

ELECTED. Shirley Fountain of Realty World-Star in Granite City has been elected regional president of the Illinois-Missouri Brokers' Council for Realty World, Pathway. Mrs. Fountain recently returned from the Midwest Convention in Lake Geneva, Wisc., where it was announced that Pathway, Financial has acquired a majority interest in Realty World-Illinois.

COLLINSVILLE WOMAN HURT ON MADISON AVE.

Lisa J. Perjack, 22, of Collinsville, sustained a minor injury last week in a three-car mishap in the 3000 block of Madison Avenue.

The motorist was driving north on Madison Avenue when a truck in front of her auto stopped suddenly and she swerved to the right, causing her to skid on the wet pavement, she told police.

The Perjack car reportedly struck the auto of Hassie Hyden, 59, of 2902 Buxton Ave., which was also northbound and stopped in traffic. The impact pushed the Hyden vehicle into the rear of an auto driven by Mary E. Hill, 46, of 2304 Wilson Ave., reports said.

RECORD PLAYER, TV TAKEN

Lawrence Dean of 1007 Calhoun St., Venice, told police recently that someone entered his residence, taking a 19-inch color television, a record player with two speakers, a .16-gauge automatic shotgun and \$30 worth of food stamps. There was no sign of forced entry.

Transfer burglary suspect to county

Steven Ray Howland, 19, of 12B Westgate Drive, Pontoon Beach, was arrested last week on warrants alleging burglary and failure to appear in court on a charge of criminal damage to property.

Howland pleaded innocent to the charges in a court appearance. A mittimus was issued and he was transferred to the Madison County Jail in Edwardsville.

The burglary charge related to the Sept. 11 break-in at the Robert Stone Glass Co., 2715 E. 23rd St., the felony document stated.

ARGUMENT IN TAVERN RESULTS IN CHARGES

Claude Moran, 28, of 2106 Alton Ave., Madison, was charged with battery by the Madison County Sheriff's Department recently after he allegedly injured a man.

Charles Nash of 4216 Nameoki Road, told police that Moran threw a full can of beer at him, hitting the left side of his face.

Happy to see some cooperation

We are glad to see that the dispute between Granite City Steel and Quad-City area taxing bodies has passed the point where the taxing bodies are in danger of losing the mill's second installment of taxes during a long court fight.

Granite City Steel went a long way toward patching up differences of opinion on how the issue of the mill's assessment should be handled in a statement issued Thursday morning. The three-sentence statement took about 22 hours to prepare and have approved at several levels, so it appears to us that those three sentences are the end result of many discussions and consideration of alterations between Wednesday morning and Thursday morning.

There still are issues to be settled, the major one being the best possible way to reach agreement on what the plant actually is worth and what its fair share of the taxes should be. Granite City Steel proposes hiring its own "appraiser" of the highest professional quality to establish the true value of their

operations," according to the official statement. Local taxing bodies may prefer to continue to use their own appraiser, rather than trust one hired by GC-Steel.

However, the possibility of the mill seeking a court injunction to forbid the county from distributing the \$1.8 million in second installment taxes it paid under protest passed with the company's statement pledging it will not fight the distribution of the taxes.

That is good news. Both sides now are sitting down and talking. We are all better off now that communication has resumed.

The big task ahead is striking a delicate balance and finding out what assessment is fair to the taxpayers and the taxing bodies and still enables Granite City Steel to remain competitive in the rugged steel industry and to be an attractive place for National Steel Corp. and Nippon Kokan K.K. to place possible future new facilities.

Time to scrap seat belt law

The federal government gets better and better at putting the public in Catch-22 situations.

There are too many to name here, but among the recent outstanding ones are a choice whether to impose mandatory auto emissions testing or to lose federal highway funding, and the latest "choice" being the best possible way to reach agreement on what the plant actually is worth and what its fair share of the taxes should be.

We don't argue that using seat belts is a good idea and will save lives. However, we have seen some goofy federal schemes come out of. Remember the cars that buzzed at you until you fastened your seat belts, or the cars that wouldn't start until the belts were fastened? Most people found ways to bypass these little gizmos and, if they are wearing their seat belts today, it is because they want to.

We applaud the Illinois Senate for rejecting, once again, pressure to pass legislation requiring front-seat drivers to wear seat belts. However, it failed by

only one vote this time. Sen. Sam Vadalabene of Edwardsville was among those voting for the bill. The next time it is brought up, it may pass. It already has passed the House.

We don't like the thought that the dashboard of our cars may malfunction and blow giant airbags at us any moment. We don't need more stress to begin the day such as buzzers blaring at us. We don't need to hurt the competitive position of U.S. automakers by forcing them to put in expensive and unwanted devices.

A public relations campaign to try and convince more motorists that wearing seat belts is worthwhile would be far more welcome and, possibly, effective.

Won't somebody please begin passing the word in Washington that it is not the role of U.S. agencies such as the Department of Transportation to sit around thinking of ways to take away the liberties of the populace and enforce their desires by coming up with these neat Catch-22 plans.

I-270 contract awarded

system that was in perilous condition only a short time ago.

Our state motor fuel tax, which climbed from 7.5 cents to the current 12 cents a gallon, will increase to 13 cents on July 1, 1995. The tax on diesel fuel will carry an added 2.5-cent surcharge.

TOTAL RECEIPTS for the fuel tax fund increased only moderately, from \$392 million in fiscal 1975 to \$438 million in fiscal 1979, and then declined to \$371 million by 1983. With implementation of the new taxes and fees in fiscal 1984, the revenue jumped to \$543 million.

Distribution from the increased rate will be allocated to the State Construction Account fund (70 percent of motor fuel tax revenue and the 2.5-cent diesel surcharge).

The remainder will go to local

motor fuel tax funds distributed on a percentage basis. Also, a set amount is assigned to the State Boating Act fund each month.

"ALL ROAD FUNDS in Illinois in fiscal 1984 totaled \$1.218 billion, up \$541 million or 79.9 percent over the \$677 million in 1975. This was due primarily to a \$400 million rise in federal aid to highways."

"State sources were \$597 million in 1984, up \$141 million or 30.9 percent compared to 1975."

"Illinois issued bonds under its Transportation Bond Act to assist the state's transportation system. Of the total current authorization of \$1.737 billion, \$1.160 billion is for acquiring, constructing, rebuilding and improving highways, including \$250 million for specific projects."

Downstate, \$300 million for Chicago area highways and \$27 million for bridge repair and reconstruction. As of June 30, \$1.286 billion of these bonds had been sold.

"S. HIGHWAY AID is provided to Illinois on a reimbursable basis. Reimbursements are made for costs incurred by the state, generally 90 percent for interstate and safety construction projects and 75 percent for most other highway projects."

"In the past decade, this federal aid has varied widely, from \$785 million in 1983 to just \$185 million in 1977."

"However, with the increase in the federal motor fuel tax and the expanded Illinois highway program, it is expected that federal aid will average more than \$600 million for each of the next three years."

the speaker asserted. Weber said he is pessimistic about the future commenting, "Judges want a state's attorney who is under their thumbs."

AS TO DRINKING, there also is a problem in courts' attitude, Weber said. "The maximum sentence for underage drinkers and those who sell or give drinks to them is \$500 and six months in jail. But jail is rare in such cases."

"Judges can order a course of study or treatment, but this also is rare in our area."

"Judges should make the hard decision and send someone away. It would help dry up the drug supply,"

of delivery of a controlled drug, LSD.

"In 10 years as a prosecutor, I've never seen judges send a prominent person to jail and make an example of him."

"THERE WERE TEARS" in the courtroom. The judge thought it over and decided to give probation and a fine. On the courthouse steps, the tears dried up. It was a joke. The student went back to Edwardsville High as a hero.

"Judges should make the hard decision and send someone away. It would help dry up the drug supply,"

of the issue, Weber feels. He added, "Finding drugs and prosecuting the pushers and users might give kids the nerve to say that it is not chic and fashionable—the courage to say 'No.'"

"TOUGH ENFORCEMENT could give more youngsters the moral fiber to snitch on pushers. When there are 100 kids who will turn in drug sellers at their school, we won't have a drug problem."

Weber cited an Edwardsville High School athlete, "from a prominent family," who was arrested for alleg-

Tax Proposal

With United States Treasury Secretary Donald Regan's tax reform recommendations now in President Ronald Reagan's hands, the media has speculated recently as to what items the proposal may deal with. Some speculate that it will eventually mean higher taxes, hence a tax hike. Although the President is to review the proposal and will not address the proposal until his State of the Union Message next month, persons shopping at Crossroads Plaza this weekend were asked if they thought the proposal may mean higher taxes and if they see the proposal as possibly a way of raising taxes. Their reactions follow:

Sara Meyer, Granite City

"I think it might mean that he will eventually have to raise taxes. And if so, I think he would be breaking a campaign promise."

Frank Vesce, Granite City

"No, I don't think it will mean higher taxes. As I understand it, it's a reform and it's not supposed to raise revenue. It's to simplify and assess fairer taxes. I don't think he's reneging on his promise to raise taxes, but I am against a flat tax."

Bill French, Granite City

"No, I don't see it as meaning higher taxes nor do I think he's breaking a promise. It's a plan to make the tax forms easier, more efficient."

Patti Hutson, Granite City

"I sure do. I think it's going to mean more taxes. They may say it won't, but I think it will eventually raise taxes. I don't see how a president can make a promise like not raising taxes."

Defends Chryslers as good police vehicles

To the Editor:

Chrysler will produce approximately 27,000 M-body police and fleet vehicles in the 1985 Model Year and would be able to get more orders if we had the capacity.

The state of Missouri has received 150 of the 1985 M-Body Diplomat police cars out of a total order of approximately 400 units. They changed from Chevrolet to Diplomat this year. These cars do have the cloth and vinyl heavy-duty bench seats.

They thought the competitive (GM) seats were too soft.

The state of Illinois Highway Patrol has approximately 850 Diplomats on order for 1985 with various other Illinois police department piggy-back orders to follow.

All these cars are produced in Missouri and our dedication to quality is a fact, supported by all our plant personnel and further emphasized by Lee Iacocca in his statement that Chrysler intends to be not

the biggest but THE BEST automotive producer.

I can't dispute individual preferences as to size, seating or service. I know that many police departments have their own preferences, due to service available, durability, economy, formance and comfort. Some other departments write their specifications to exclude GM and/or Ford from the bidding.

Feels transplants only torture recipients

To the Editor:

The man with a plastic heart, sounds like science fiction, doesn't it? Yet Dr. Frankenstein has come to life in 20th Century America. Today Dr. Frankenstein is known as the American Medical Association.

Why do they torture these victims of heart transplants, knowing very well that none have worked yet. Of all the heart transplant victims of the past, none are living today.

Yet they persist in continuing this ungodly procedure. We cannot imagine the suffering these people are going through at the hands of the AMA. The end result is always death. What a blessing that must be to the victims.

Another case in point was that of a terminally ill cancer patient who stabbed herself to the point of death. She was dying of the stab wounds and the doctors wanted to operate on her to save her life, knowing very well she had terminal cancer.

Does this make sense? The woman wanted to die, because, as she explained it, she could no longer stand the pain from cancer. The AMA seems to be taking the position of some sort of Godly image, which

generally means more suffering for the patient and eventually death.

The latest horror story from the AMA was that of a young girl who received a heart from a baboon. She died, of course, and these butchers say they will continue the transplants and the torture.

Nothing is being done to stop this horror from occurring.

URGES SUPPORT FOR LOCAL 4-H PROGRAMS

To the Editor:

What would our communities be like in 1993 if 4-H no longer existed? I'm willing to bet that without 4-H, our towns would have young people with more idle time, less community spirit, and fewer real leadership skills.

I think our communities need 4-H because it teaches more than cooking, sewing, photography, electricity. Four-H teaches responsibility, citizenship, self-confidence, and other skills and attitudes young men and women develop and use to make our communities better places to live.

With government cuts in all areas, Extension is planning ahead. In a

ing, in a nation that is supposed to be civilized.

The best course, as I see it, is to keep terminal patients as comfortable as possible with drugs and pray a natural death occurs, before the AMA can get their hands on them.

state-wide campaign, 4-H hope to raise enough money (large corporations have already pledged to triple the amount raised by the 4-H family) to be able to keep a quality program going for many years by using only the interest earned from this investment.

Support from 4-H families, their community and all friends of 4-H is needed to reach our county goal (set by Illinois 4-H Foundation) of \$15,500. Please send donations to 4-H Fund, Extension Office, Box 427, Edwardsville, Ill. 62025.

GC High School students involved in spirit of giving

People who think today's youth is a selfish, uncaring lot may want to take notice of the recent activities of the Granite City High School student body.

Student Council advisor Steve Hamilton says all high school students have donated money for this year's Christmas basket pro-

gram. And, he adds, about 40 students will hit the streets in vans on Dec. 17 to deliver the Christmas food baskets to 120 needy families in the Granite City area.

Hamilton expects that between \$4,000 and \$6,000 will be collected for this year's program. In addition to student contributions, he notes, the proceeds from dances and a speech department talent show have been donated to the project.

That money, he explains, is then used to contract with the lowest-bidding grocery store (in this case, Kroger) to provide food for and to prepare the Christmas baskets.

For \$33, Kroger is putting together baskets consisting of a 20-pound turkey, 10 pounds of potatoes, a dozen oranges, three loaves of bread, a case of canned goods, 5 pounds of sugar, 5 pounds of flour, shortening, pumpkin pies and other miscellaneous items.

Hamilton says Kroger, which has submitted the lowest bid to the students for the past two years, provided the baskets last year for a cost of \$27, but because the price of turkeys went up this year, so did the price of the baskets.

To determine who will receive the baskets, he adds, the students get the names of 120 needy families from the Salvation Army. The students then notify those families of the basket delivery day. The delivery begins at 8 a.m. Monday, Dec. 17.

Hamilton believes the delivery of 120 baskets is proof of the students' generosity. "When the schools (North and South) merged, each was delivering 60 baskets. Very easily, the kids could have said they'd take 60 (baskets), but they took it upon themselves to go ahead with 120 baskets."

He also tells of an incident last year when the last of the 120 baskets was delivered to a woman living in a duplex. Her neighbor next door, a woman, also appeared to be in need of a basket. So, Hamilton relates, the students making the delivery donated money to buy a food basket for her, too.

Committee chairmen of the Christmas basket project are Teri Jandulovich, Christopher Ashmore, Duane Jones and Alan Gerard.

Battery and theft charges are filed

Otto L. Szilvester, 53, of 2548 Benton St., was charged with misdemeanor theft and battery when arrested last week. He was released upon posting a \$204 cash bond.

The charges resulted from an alleged incident reported the day before by Louise Douglas of the 3100 block of Aubrey Avenue, who said that Szilvester came to her house to talk about some work he had done on the dwelling.

During the discussion, Szilvester became angry and alleged began beating Mrs. Douglas' body and arms with his fists, she said.

The man grabbed her purse, removing \$60 and an envelope before leaving, she alleged.

Cite Alton pair in store incident

Called to the Shop 'N Save store, 3220 Nameoki Road, officers found an employee holding Michael V. Ringer, 22, of Alton, who had allegedly tried to run from the employee and strike him. Ringer again attempted to run away after police arrived but was caught by the officer, reports stated.

Store officials alleged last week that Ringer and Cathy L. Stewart, 24, of Alton, were observed placing cigarettes in their clothing and a purse, then attempted to leave the store without paying.

Both Ringer and Mrs. Stewart were booked on state charges of theft. Ringer also was charged with assault.

In a court appearance, Ringer pleaded innocent and bond was set at \$302. A mittimus was issued and he was transferred to the Madison County Jail at Edwardsville.

Mrs. Stewart also pleaded innocent and was released on a \$2,500 recognizance bond, pending a hearing.

SERVE WARRANTS ON TEXARKANA RESIDENT

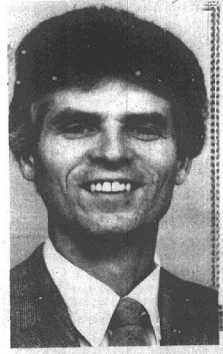

Gerald W. Jackson, 24, of Texarkana, Ark., was arrested at West 20th Street and Illinois Avenue recently on three active warrants issued locally.

The documents alleged failing to appear in court on charges of not having a driver's license and two counts of criminal damage to property.

Later, Jackson complained of stomach problems and was taken to St. Elizabeth Medical Center, but was returned to jail shortly after. He was released from custody upon posting a \$356 cash bond.

RING, WATCH MISSING

A gold ring valued at \$600 and a watch worth \$70, inadvertently left on the wash basin in a Prather Elementary School restroom for a few minutes, were missing when he returned to pick them up, police were advised by Eugene Monahan, a faculty member, last week.

Workshop to focus on holiday stress, coping

A three-hour workshop entitled "Coping With My Loss And Holiday Stress" is scheduled for Tuesday, Dec. 4, from 1 to 4 p.m. in Building 3 at Cottonwood Road in Edwardsville.

This workshop, sponsored by the Hospice of Madison County, which is affiliated with St. Elizabeth Medical Center in Granite City, is for those who experience difficulty coping with the holidays because of a significant loss, such as death of a loved one, divorce or separation, unemployment or other losses causing life re-adjustments. Normal and abnormal reactions to grief will be explored, as well as practical tips for coping with the holidays.

The workshop will be led by Lola Lybarger, director of Volunteers for Hospice of Madison County, and Mary Peach, R.N. This workshop is open to the public at no charge. Pre-registration is desired but not required. For more information interested persons may call Hospice of Madison County at 799-3488 or 1-265-3266.

Agency officials to discuss taxable income

A portion of Social Security benefits and Tier I Railroad Retirement received during 1984 may be taxable income.

A free tax clinic sponsored by the Internal Revenue Service, the Social Security Administration, the Railroad Retirement Board and the Granite City Housing Authority will explore this and other issues. On Wednesday, Dec. 5, IRS, Social Security and Railroad Retirement personnel will be at the Anchorage Housing Complex Recreation Hall in Granite City from 9 to 11 a.m. to answer questions about taxable income.

Winter can be hazardous to your health

Severe winter weather can be hazardous to your health. Each year, many people suffer injury, illness and even death due to winter storms and their effects.

The Illinois Emergency Services and Disaster Agency has outlined safety tips for the coming winter season:

Stay indoors unless it is absolutely necessary to go out. If you do go outside, avoid over exertion.

Cold weather alone puts an added strain on the heart. If you add unaccustomed exercise, such as shoveling snow, pushing a car, or even walking too fast or too far, you risk heart attack or stroke.

Wear the proper clothing. Whether outdoors, or inside with little or no heat, wear several layers of loose-fitting, light-weight warm clothing instead of one thick, heavy garment. Trapped air warmed by body heat will circulate between the layers to keep you warmer.

The layers can be removed as needed to prevent perspiring and subsequent chills. Outer clothes should be tightly woven and water repellent.

Keep your clothes dry. Wet clothing loses all insulating value and should be changed as quickly as possible.

Remember sleeping caps? Old customs usually had practical reasons for being. The body loses a good percentage of its heat through the head, so whether you are outdoors or in an unheated home, day or night, wearing a wool hat will keep you warmer.

Also, wear mittens instead of gloves — they allow your fingers to touch, and your body heat will keep your hands warmer.

Watch for frostbite and other results of cold-weather exposure. Frostbite causes numbness and white or blue-tinted skin, most commonly in fingers, toes, ears and the nose. If frostbite symptoms appear, do NOT rub with snow or ice — this will worsen the condition.

Hypothermia is another condition caused by prolonged exposure to the cold. Body processes slow down to a dangerous level, and symptoms include slurred speech and incoherence, drowsiness, stumbling and uncontrollable shivering.

There are measures you can take to help a person showing signs of frostbite or hypothermia.

Get them into dry clothing and a warm bed, blankets, or sleeping bag immediately. Use warm towels, a heating pad or a hot water bottle — these should be warm to the touch, not hot.

Concentrate on the trunk of the body, the shoulders, chest and stomach. Keep the head low and feet raised to improve circulation of blood to the head. You can also give the person warm drinks.

Do not massage or rub any affected areas, and NEVER give alcohol, sedatives, tranquilizers or pain killers — they only slow body processes even more.

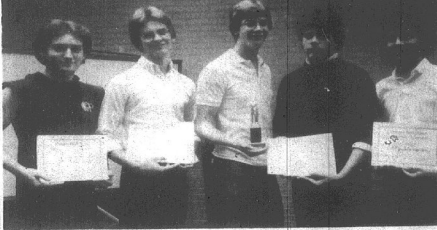

If symptoms are extreme, call for professional medical help immediately.

The week of Nov. 25 through Dec. 1 was proclaimed Winter Storm Preparedness Week by Gov. James R. Thompson to encourage Illinois residents to prepare for severe winter weather.

CAR BATTERY TAKEN

Earl Hogan of 221 Kerr St., Venice, told police last week that someone took the battery from his 1966 Chrysler.

SPEECH FINALISTS. Five Granite City High School students were finalists at the Waterloo High School Speech Tournament. The five are, from left to right, Tim Brewer, fourth place in original comedy; Adam Schneider, third place in oratorical declamation; Bryce Moore, first place in radio speaking; Steve Davis and Rich Mendoza, fourth place in dramatic duct acting. The speech team is coached by Ron Pennell.

2 Venice men charged in assault on judge's mother

Two Venice residents were charged with robbery and aggravated battery after they allegedly snatched the purse of the mother of a county judge while she was in the parking lot at Cottonwood Mall, Glen Carbon.

The victim, Dorothy Ferguson, 66, of Glen Carbon, is the mother of Madison County Chief Associate Judge Edward C. Ferguson.

John A. Lewis, 19, of 618 Broadway, and Mark Williams, 18, of 72 Venice Homes, were arrested by Venice police in front of the Venice Liquor Store, 234 Broadway, less than an hour after the incident occurred. Police recovered Mrs.

Ferguson's purse when arresting the two.

Mrs. Ferguson told police that the two men attacked her as she started to get into her car outside of the Wal-Mart Store. The men knocked her to the ground, causing minor injuries to her arm and knee. They escaped with her purse, which contained \$11 and some credit cards.

A person witnessing the attack wrote the license plate number of the subjects' car down in the palm on his hand and gave the number to Glen Carbon Police.

Both men were being held in the Madison County Jail in lieu of \$35,000 bond each. The aggravated battery charges were filed under a state law which makes attacks against persons aged 60 or older a more serious offense.

ARREST YOUTH, 16, TWICE IN TWO DAYS

A 16-year-old Granite City youth, who was released earlier last week on notice to appear for a hearing after being charged with illegal possession of cannabis, was rearrested two days later and charged with assault.

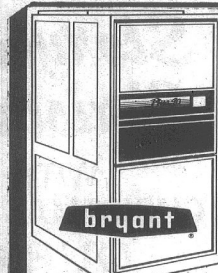

The second charge related to an incident in which a woman resident of Kirkpatrick Homes told police the youth began yelling at her and making threats.

He also called her obscene names and swung a set of nut chucks in her direction, she alleged. The nut chucks were not found when the youth was taken into custody.

In a court appearance, the youth pleaded guilty to possession of cannabis and was fined \$50 and released to pay at a later date. He pleaded innocent to the assault charge and a hearing will be set.

FRONT WINDOW BROKEN

Wanda Edwards of 131 Lee Wright Homes, Venice, told police Friday at 2:45 a.m. that her home's front room window was broken by unknown persons.

Seat-belt bill 'strapped' by Illinois Senate action

Illinois senators rejected by one vote last week a measure that would have required drivers and their front-seat passengers to wear seat belts.

The bill received 29 of the 30 votes required for passage. Sen. Sam M. Vadalabene (D-Edwardsville) was among those voting in favor of the legislation.

Meanwhile, the sponsor of the bill, Sen. Charles Chew, D-Chicago, predicts that the bill will be reintroduced and sent to Gov. James R. Thompson before the end of the year.

Last May, the seat-belt legislation failed by 11 votes in the Illinois Senate. The House passed the measure that same month by a vote of 61 to 46.

Opponents of the bill claim that it

would be impossible to enforce and subject drivers to police harassment. The bill allows for a \$25 fine for violators.

But Chew contends that the bill is aimed at reducing injuries and fatalities in highway accidents. Some auto industry officials are supporting the legislation in the hopes that it will ward off the U.S. Department of Transportation's plans to require all new cars to be equipped with air bags or automatic seat belts by 1990. Auto manufacturers claim that the installation of air bags will increase the cost of cars and hurt sales.

Transportation Secretary Elizabeth Dole has agreed to abandon the air bag requirement if states representing two-thirds of the country's population establish seat-belt laws by 1990.

DIABETES & FOOT CARE

Diabetics are an elite group of patients concerning foot care and their total health picture. Two aspects of this disease make them more susceptible to foot disorders than non-diabetics. Diabetics have a higher incidence of poor circulation and decreased sensation of numbness in the feet. A minor abrasion or corn, callous, or thickened nail may go unnoticed. This can lead to infection, diabetic ulcers, gangrene, loss of toes, the foot or entire leg. Therefore, good foot care cannot be over emphasized in diabetics.

Here are some simple DO'S and DON'T'S.

1. Take several seconds each evening and inspect your feet carefully. At the first sign of trouble contact your podiatrist immediately.
2. Never attempt to trim your own corns, callouses, or thickened nails. This should be done by a foot specialist.
3. Never use over the counter preparations to remove corns or callouses.
4. Do not bathe your feet in hot water; use only warm water.
5. Avoid tight socks with large seams and tight shoes.
6. Keep your diabetes well controlled.
7. Most importantly, be certain to have small problems examined and treated before they become large ones. Seeing your podiatrist immediately can prevent a potentially disastrous situation.

BIG RIG! When the Midwest Steel division of National Steel Corp. needed one of Granite City Steel's excess large coil lift trucks, the kind used to move hot rolled coils coming from the Hot Strip, one of the major problems was moving the heavy equipment to Portage, Inc. Hot Roll Finishing employees put together a three-trailer combination, owned by Ace Doran Hauling and Rigging Co.

of Cincinnati. The lift truck weighs 82,480 pounds and the entire rig, when assembled, weighed 114,000 pounds. In all, there were 34 wheels and the rig was 112 feet long. The trailers had to be disassembled and then reassembled around the loaded lift truck to make the rig.

Debate the role of township collectors

By SUSANNE INDELICATO
of the Press-Record

Efforts by an area township of official to eliminate the position of tax collector are likely to be opposed by other local township supervisors, collectors and taxing bodies.

Nameoki Township Trustee Helen Hawkins has indicated that she is considering a petition drive to put the question on the April ballot. Mrs. Hawkins has charged that the duties performed by township collectors are duplicated by the county treasurer.

SUPPORTING HER allegation is the fact that township collectors performed no collecting duties this year, because Madison County did not get tax bills out until mid-September. State law prohibits township collectors from taking tax monies after Sept. 1. After that, the county treasurer, Michael "Mick" Henkhaus, collects the taxes. Tax bills are supposed to be mailed by June 1.

But Nameoki Township Supervisor Harry Briggs says this year's situation was a "bad misfortune." The township collectors are essential. We always got a weekly payment from the collectors. Henkhaus doesn't hear the people's complaints like we do."

Chouteau Township Supervisor Walter "Dick" Sparks agrees with Briggs. "The public has a lot of questions. We have a local person that they can sit down and talk with." He believes that the public finds it more difficult to contact county officials and that those officials usually refer taxpayers to county employees.

BUT HENKHAUS disagrees, saying, "There's no reason in the world why people can't call the county treasurer. I'm absolutely accessible. The people in Alton and Wood River never call up and complain about not having a collector. If having a township collector is so essential, why do only three counties of 102 in the state have them?"

"One-hundred years ago, when the township collector was started, it was a wonderful idea," Henkhaus continues. "A guy could get in his buggy and go to the local collector instead of driving all the way to Edwardsville. But with today's modern conveniences—computers, telephones and the mail—it's easier to drop your taxes in the mail or take

them to the bank."

Henkhaus collects taxes from the 24 townships in Madison County—unless a township has a collector. "If you own property in Alton and Granite City, and you send me your tax bills, I have to send one from Granite City back" because Granite City has its own collector.

NAMOEKI TOWNSHIP Collector Norman Hall says the township collector is vital to the public. "There's only one purpose for taxation: to support the services we want. Nameoki Township is in the business of serving the area."

Hall feels the taxing entities would suffer if township collectors were done away with, and sole responsibility for the collection and distribution of tax monies was left to the county. He calls the county's collection practices "a continuous legal rip-off of the taxing bodies by the county treasurers."

He notes that the county collects the taxes and invests the money for interest, while taxing bodies are forced to borrow funds at a higher interest rate through anticipation warrants.

IN ADDITION, he says, a new law allows counties to keep five percent of the taxes collected for collection costs. Prior to that, the counties were allowed to keep approximately 2.5 percent.

A new law that requires faster distribution of tax monies is no real help either, Hall contends. The law requires that counties distribute the tax monies to taxing entities 30 days after tax payments are due. Taxpayers have 30 days to pay the tax bills after they are mailed out. "Many older people pay their tax bills right away," Hall says, meaning that the county could hold those funds for a total of 60 days before distributing money to taxing entities.

BUT THE NEW law also allows those taxing bodies to claim that interest for their own use. If the interest is claimed, the taxing district must roll back real estate taxes the following year by the amount of interest earned. If the taxing district chooses not to accept the interest, that money goes toward funding for the county jail.

"That law was made and designed only for the county government," Hall says. "The county is taking advantage of taxing bodies with their new law. I'll call it their new law because they're the ones who pushed for it."

Hall does think that things have improved for the taxing bodies. "Mr. Henkhaus has done a much better job of distributing tax monies since the 'smart case' [Madison County tax collectors won a suit two years ago barring Henkhaus from collecting taxes in townships that had collectors until after Sept. 1.]"

"Before that, his record wasn't so good. If we can get the money out manually in a week, they sure can do it with a computer."

HENKHAUS SAYS his distribution record is good. "I can collect and distribute as effectively as the township collectors. I proved that this year with the distribution. Maybe I don't distribute as quickly as they [township collectors] do. Maybe there's a three- or four-day difference. But is the money paid to township collectors worth it? In Edwardsville, they budget \$21,000 a year for the collector. There's no way they can make that up in interest if I paid them every day."

"I'm able to collect at a cheaper rate than they do," he added. "I have the same budget as I had when I took this office six years ago."

And, Henkhaus says, the township collectors are not performing exact, flawless work. "We've found a lot of errors on the books for distribution. The majority are not balanced. We have to balance line by line, and we have to make up mistakes made by township collectors."

THAT MEANS, Henkhaus contends, that some taxing bodies are getting less than they should, while others are getting more. As to the question of duplication of duties, Henkhaus charges, "As an elected official, it's my job to cut waste. If I see duplication, it's my duty to get rid of it."

But Hall contends, "I do think there's a real justification of both [the county treasurer and the township collector] until the law allows for immediate distribution of taxes by the county."

VENICE TOWNSHIP Supervisor Christ Paschoff says he thinks the township collectors are "doing a very good job. I think the cities and the school district expect a township collector to get the money faster to taxing entities."

Paschoff also said that the township collectors are "entitled to the salary they get."

Venice Township budgets between \$8,000 and \$12,000 for tax collection, while Nameoki Township budgets more than \$9,000. Granite City Township has budgeted \$11,000 since 1977 for tax collection.

GRANITE CITY Treasurer Nick Petrillo, who also serves as Granite City Township's tax collector, calls the position "a useful job. There's no way Mick Henkhaus can disburse

Tentative pact with county staff

Madison County governmental employees will vote tomorrow on a tentative agreement covering their pay and benefits for the period beginning Dec. 1.

Details of the compromise reached Thursday have not been announced. It is being submitted to about 250 members of Local 799, American Federation of State, County and Municipal Employees.

THE PROPOSAL, intended to replace a two-year pact that expired Friday, is being submitted by the local's negotiating committee without recommendation.

The deliberations began in October. Latest bargaining talks were conducted Wednesday and Thursday.

Negotiations have not yet been completed by the County Board's negotiating committee, led by Herbert "Junior" Milton of Granite City, and Teamsters Local 525, which represents county highway workers.

Madison Wins 54-51 Trojans down Warriors

By ALAN L. GERSTENECKER
Sports Editor
of the Press-Record

GRANITE CITY — It was as good a game as the pre-game hype said it would be. A classic matchup: speed and quickness against height and peripheral shooting.

When it was all said and done, four quarters of speed and quickness proved to be more effective than three quarters of peripheral shooting Friday as the Madison High School basketball team bettered host Granite City 54-51 in Memorial Gymnasium.

But even then the Trojans weren't able to tuck the game away until the very end when James Bennett turned a Madison 53-51, one-point lead into a three-point victory when he tipped in Reggie Banks' shot for the game's final score.

FOR THE first half and then the final quarter it was a clinical study in two varying styles of basketball, each having its own successes and failures against the other.

Then the third quarter, the eight-minute segment of the game which proved to be the "difference in the ball game and the Warriors' demise. Bolstered by a 14-point first-half performance by 6-foot-2-inch senior guard Jeff Gray, the Warriors managed a four-point, 22-18 halftime lead. The only person on either team in double figures by that time, Gray was as lethal in striking from the field as a spitting cobra.

BUT THEN, in the third quarter, he momentarily lost his touch and the Warriors suffered.

Gray became cold and so did his teammates. In fact, during the entire third quarter, the Warriors managed just six points, eight less than Madison. And in the process, relinquished the lead that they would never again have.

"Consistency. We lacked the consistency to win tonight," lamented Warrior coach Don Deterding after the loss.

"I saw several reasons to be optimistic tonight, but I also saw reasons for concern. We need to play a full four quarters on offense. The inconsistency is costing us ball games," Deterding said comparing Friday's game to a similar situation the Warriors against Carbondale in the Mt. Vernon Trophy Classic. "We could be 4-0."

"WE SAID it before and I'll say it again. We need more than Gilley (Jeff Gray) to score. He has a bad quarter and we're in trouble," Deterding said.

"What really concerns me is a trend that seems to be developing. When Gilley's hot so is everyone else, but when he's missing no one else seems to be able to score either," Deterding said.

"We're going to need to make some adjustments in our game, get our offense more compact. We're breaking too early."

"We're going to try to get Joe (Gray) to bring the ball down the

pressure and picked up the tempo," Watson said.

And as for Banks?

"Reggie did a super job for us, more than I thought he would. Reggie's a player."

"This is our first game, our first game situation and they came through. All of them, even the four who came off the bench," Watson said.

Banks concluded the game with 16

"Consistency. We lacked the consistency tonight... We need to play a full four quarters of offense. This inconsistency is costing us ball games."

court farther before he passes off. We're attempting 20-foot shots when we can be taking 10 and 15-foot shots," Deterding said.

DESPITE taking those "long shots," the Warriors still managed to outshoot the Trojans, connecting on 21 of 50 shots attempted for 42 percent. The Trojans were successful on 22 of 55 of the field goals attempted for a 40 percent success rate.

The big reason for the Warriors' higher field goal percentage was Jeff Gray. Despite having an "off" third quarter, he still managed to lead all scorers with 21 points and has continued to evolve as the Warriors' most integral cog in its offense. But just as in a fine piece of machinery, when something interrupts that cog's movement, the piece as a whole suffers.

THAT interruption was Madison's Reggie Banks.

Beaten on the boards in the first half, Banks and his teammates rose to the occasion in the second half, particularly in the third quarter, to stymie the Warriors.

Indeed, the Warriors had a poor third quarter, but it was the Trojans who forced it.

"I'm just elated with the way my kids played tonight," said first-year Trojan coach Rodney Watson. "There were two things we wanted to accomplish tonight: effort and execution. I think we did that tonight, particularly in the second half."

"IN the first half we didn't have the position to rebound and we weren't blocking people. But in the second half we applied good

points.

WATSON actually knew very little about the Warriors before the game, but as he pointed out afterwards, he knew enough to respect the Warriors.

"To be honest, I was scared to death. I knew they were big and physical and they lived up to that tonight. They've got a fine ball club here and they're going to have a fine season," Watson said. "I feel pretty darn lucky."

Madison's victory, its first of the season was only the first of two for the Trojans this weekend. The following night, Saturday, Madison defeated visiting Pickneyville 76-72 (see related story.) The Trojans, now 2-0, are off tonight but travel to McKinley (St. Louis) Tuesday.

The loss drops Granite City's record this season to an even 2-2. The Warriors are idle until Saturday when they begin Southwestern Conference action at home against Belleville West.

In Vandalabene Center SIUE's home debut Wednesday

EDWARDSVILLE — Everything a basketball fan could want and more, will be on hand this Wednesday, Dec. 5, as Southern Illinois University at Edwardsville celebrates the grand opening of the Vandalabene Center.

Activities ranging from a pre-game ceremony with Senator Sam Vandalabene and SIUE President Earl Lazerson, to the women's basketball game against St. Louis University, to the return of the men's basketball program in a contest against Lewis University, to a special halftime show by the

Southern Stars Pom Pon squad, to pep bands and cheerleaders, will all be on hand to officially open one of the most complete multipurpose buildings in the country.

To make the evening even more complete, James R. Buck, SIUE director of Development and Public Affairs and acting athletic director, has announced that all fans helping the Cougars celebrate their first-ever game on the SIUE campus will be admitted free of charge.

Activities are scheduled to get underway at 5:15 p.m., when the SIUE women's team tips off against

St. Louis University. Opening ceremonies are scheduled to begin at 7 p.m., while the home debut of the men's team is set to begin at 7:30 p.m. against the nationally-ranked Flyers of Lewis University.

Parking for the grand opening celebration, which will also be free of charge, is available in a new 300-vehicle lot directly behind the Vandalabene Center. Parking is also available in lots A and D, located near the front door of the Vandalabene Center.

SIUE is currently 1-3 for the season.

In Edwardsville, Decatur GC matmen open with sweep

DECATUR — The Granite City Warriors' wrestling squad came out unexpectedly strong this weekend, sweeping its first two consecutive wins in two meets.

"Our coaching staff was pleasantly surprised," admitted head coach Bill Schmitt. "We figured if we could salvage four wins, we'd be happy. But when you open a season with six matches in two days and win them all, that's something to be proud of."

Granite City traveled to Decatur Saturday and triumphed over MacArthur Decatur, Stephen Decatur and Bloomington. But

perhaps their most enjoyable victory came a day earlier when they defeated Decaturville, along with Centralia and Carbondale, at an Edwardsville quadrangular meet.

"EDWARDSVILLE had beaten us the past two years," said Schmitt. "They also knew we had a few guys hurt. I think they were fully confident that they were going to get their third in a row, but we had a few guys."

But the Warriors proved otherwise, capturing a close 28-23 win. Granite City's Jeff Cotter and Jeff Wakeford earned the Warriors' only pins against the Tigers, as five other

Warrior wrestlers earned wins by decisions.

"This doesn't mean that we're going to blow everybody out," said Schmitt, cautious about being overly optimistic with the team's strong start. "We'll have to go out and be as aggressive with all the rest."

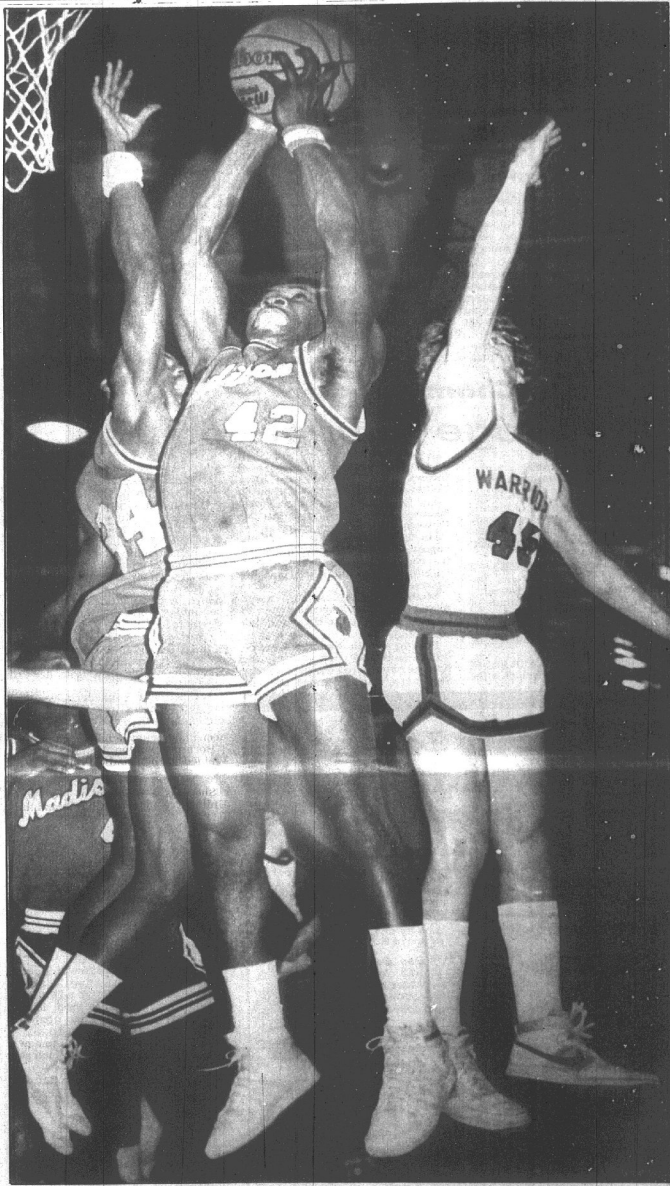

"RIGHT NOW we have little depth. If we can get some of the injured guys back in there, I think we can be a tough competitor."

On Saturday, the Warriors opened the meet by handing MacArthur Decatur a 52-15 loss. Granite City wrestlers earning pins over their opponents in seven out of the 12 weight divisions.

The Warriors didn't have as easy a time with Stephen Decatur, but won the match 42-26. The Runnin' Reds picked up points on three pins, but couldn't match Granite City's five pins and one decision.

THE WARRIORS went on to win the overall meet by defeating Bloomington, 41-20. Cotter picked up his third consecutive pin of the day in the 98-pound division to start the Warriors on the victory path. Mike Fenoglio, who had forfeited two earlier matches because of a pulled groin muscle, helped out his team's cause with a pin over Robert Chaik.

Baker to coach national team

By ALAN L. GERSTENECKER

PITTSBURGH — Make room on the wall for another plaque. Clear the shelf for another memento. Granite City High School's varsity soccer coach, Gene Baker, has been selected as the first United States team coach of the Dapper Dan Soccer Classic to be played in Pittsburgh later this month.

Baker, 41, will lead a national high school soccer team which will play Pennsylvania's All-Stars in Pittsburgh's Civic Arena on Dec. 14. An indoor soccer game, Baker will lead a cast of 14 nationals against Pennsylvania's best.

IT'S the first year for the Dapper Dan Soccer Classic, but according to Ray Burnett, business manager of the Pittsburgh Post-Gazette, the sponsors of the classic, the eastern metropolitan daily has sponsored a similar basketball tournament each year for the last 20.

"It's our annual fund raiser for Pittsburgh's charities. With the growth of soccer in Pittsburgh and

the nation we thought it was about time that we expanded the Classic to soccer as well," Burnett said.

"No, it doesn't seem fair, the nation against soccer players from Pennsylvania, but it's a fund raiser, an exhibition. We're looking to put on a show for people of Pittsburgh," Burnett said.

Burnett said in the basketball version of the Dapper Dan Classic, the nationals currently hold a 15-5 advantage.

ACCORDING to Burnett, the national team was actually formed before Baker was selected as coach of the team.

"We began making calls throughout the nation seeking out the best athletes. One name that kept popping up was Gene Baker, especially in the Midwest," Burnett said.

"We'd call Illinois, Missouri and Indiana and they'd tell us they didn't have any athletes in mind (for the team), but to call Baker in Granite City, Illinois."

"It was unbelievable. Everywhere we called his name kept popping up.

So actually selecting the coach wasn't nearly as difficult as the players.

"WE GOT to tell you, I'm looking forward to meeting this guy (Baker). From the way it sounds, he ought to step off the plane and walk right across the Allegheny River," Burnett said.

Among the players from the Midwest on the national team are Christian Brothers College's (St. Louis) John Johnson, Glenbrook North's (Illinois) Luke Garrott and Indiana-Memorial's (Indiana) Mike Traynor.

Baker, who has led the Warriors to six Illinois state championships and to the state tournament nine of 12 possible times, was selected as National High School Coach of the Year by the National Soccer Coaches Association of America in 1982.

He is a 1961 graduate of CBC High School in St. Louis and a 1963 graduate of St. Louis University.

He has three children: Gene, Bright and Barrett, all students at McClellan North High school.

Red Devils Win Second Conditioned Devils run away from Greyhounds

By JAMES BLASINGAME

LEBANON — Before Friday night's game in Lebanon, Venice basketball coach Clinton Harris spoke briefly about his team's rigorous practice routine. He smiled a devilish grin as he recalled an incident that took place while preparing his team for the Greyhounds.

"They (the players) were messing around in practice one day, just not concentrating like they should," said the Red Devils' mentor. "So I ran them for about 15 minutes straight."

YOU SEE, coaches love to make their players run. They think back on all the laps, sprints, and killers that they run during their playing days and figure that it's time to get even with somebody.

But revenge isn't really the motive behind a coach's demanding prac-

tice session, it's good basketball.

"If anything, we're going to be a well-conditioned team," Harris said. "That's how you win ball games." The Red Devils' stamina was evident against Lebanon, especially when the fourth quarter rolled around. Venice trailed by a point going into the final stanza, but using a relentless press, the Red Devils forced numerous Greyhound turnovers and exploded for 22 points. Venice won 69-57.

IN THE beginning, it looked like a cakewalk for the Red Devils. Venice guard Damon Harris opened the scoring with a jumper from the free throw line. The Red Devils went on to rack up the next eight points of the contest, and jumped out to a 10-0 lead. In fact, the Greyhounds didn't get on the scoreboard until there was just 2:50 left in the first period.

But Lebanon's Lawrence Bass

of the foul stripe, and Mike Brooks added two more buckets for the Greyhounds, cutting the Red Devils' lead to four. The first quarter ended with Venice in front 13-8.

BASS scored the first two points of the second quarter, but Charles Milton answered back with a basket inside for the Red Devils. The Greyhounds cut the Venice lead to 15-14 on Ronald Vann's turnaround with 6:53 left in the half.

The teams traded baskets for the next two minutes, but a bench technical foul enabled Lebanon's Rich Weber to sink a pair of free throws and tie the score at 20.

Red Devil Ed Ware bombed from the left wing to give Venice back its lead, but Mike Ogden picked up a garbage bucket for Lebanon to knot the score once again.

WATSON Jackson hit two charity tosses to put Venice out front 24-22, but a jumper from Steve Schiepp

and a Vann layup, off of a steal by Brooks, gave the Greyhounds their first lead. SON Jackson scored again, this time from underneath to pull the Red Devils into a 26-26 halftime tie.

The Greyhounds utilized an effective 1-2-2 zone defense to harass Venice shooters during the third quarter, but the Red Devils showed patience and worked the high percentage shots. Milton and Ware each followed their own missed shots for second effort buckets, and Venice went out front 34-32 when Harris hit two foul shots after a steal.

LEBANON regained the lead 40-39 after Schiepp canned a 10-footer from the baseline and followed it up with two free throws on Darren Wise's blocking foul. Ware shook it baked his way through the Greyhound zone for a swooping layup to put Venice in front 41-40. But with 17 seconds remaining in the quarter, Bass nailed a turnaround jumper in the lane to give the Greyhounds a one-point margin heading into the final period.

Then, the floodgates opened on the Greyhounds. "It was a real team effort," pressure caused Lebanon turnovers that seemed to come in pairs. The

Red Devils pounced on loose balls, intercepted passes, and pick-pocketed Lebanon ball handlers enroute to their 11-point victory.

"WHEN YOU lead by one going into the fourth quarter, you don't get beat by 11," said Greyhound coach Wayne Loring.

"We had too many turnovers, and we gave them too many second and third chances. Everytime there was a loose ball on the floor, they got it."

The pace of the fourth period was lightning quick. The way the Red Devils raced up and down the court, it made you wonder what coach Harris put in his team's water.

"We're in good physical condition," Harris said after the game. "We pressed the whole second half. It was good defense, good shots, and hustle that won the ball game."

SPEAKING of good shots, Milton, Venice's reliable forward, notched 12 of his game high 25 points in the final period. He also collected 10 rebounds for the game. Ware added 17 points, Jackson 13, and Harris 10 for the Red Devils.

It was a real team effort in the second half," said Harris. "In the first half we weren't penetrating like

we should. We weren't screening off the boards, and we weren't taking our time on offense."

"But in the second half, we passed the ball and took the shot when we should. I'm happy with our second half," Harris said.

Loring gave credit to the Venice defense.

"THEY PUSHED us way out. We had to run our offense from half court. We didn't penetrate, and we turned the ball over. I told them (Lebanon players) what was going to happen, but..."

"We missed a lot of crimples and free throws. We made too many mental mistakes, and we gave them too many second and third chances," Loring said.

Bass led the Greyhounds with 19 points and 13 rebounds. Schiepp chipped in with 14 points.

The Red Devils won stand at 240 after defeating Summer High School on Nov. 26. Venice returns to action tomorrow when they host East St. Louis Lincoln. Tipoff is at 6:15 p.m. for the junior varsity game with the varsity contest following afterwards.

In Classic Championship 'Roos edge Cougar cagers

By AL BARNES

for the Press-Record

EDWARDSVILLE — Sure things in sports have a bad habit of turning out otherwise. Ask Coach Wendy Hedberg of the Southern Illinois University at Edwardsville basketball team.

If every team appeared to have a lead-pipe game won it was the women Cougar cagers Saturday night in the championship finals of the second annual Converse Cougar Cape Classic in SIUE's brand new and sparkling Sam Vadalabene Gym.

The Cougars led 64-41 with just 32 seconds remaining on the clock after

a cool-as-ice sinking of a pair of free throws by SIUE's little guard, Alisa Collins.

So, the Cougars permitted their opponent, the Kangaroos of the University of Missouri, Kansas City, to bring the ball down almost uncontested for the basket. That made the score, 64-63, in favor of SIUE with just 20 seconds left and the Cougars' ball.

SIUE's senior guard Mia Smith from Farina, Ill., inbounded the ball and at the center line got the ball back.

But, in a split second, slight-of-hand flick of her hand, the Kangaroos' leading scorer, Stephanie Worthing, tipped the ball

away from Smith's hands and then drove down the floor with just two seconds left on the clock.

It looked like she was headed in for a contested layup shot, but she suddenly pulled on the brakes and, just as the buzzer sounded, let fly with a one-handed jump-shot.

The ball bounced crazily around at least five times and dropped in just as the buzzer sounded ending the game, and the Cougars' hopes of continuing their season's winning streak to four.

The 65-64 victory for the Kangaroos gave them their second straight crown in the tournament. Over two seasons, the Roos are 2-1 over SIUE.

K.C.'s Penny Waggener's 20 points led all scorers on both teams. Among the final two points by Worthing gave her 18. Ranae Harris' 18 points paced the Cougars and topped by two, Barbire Drew's 16 points.

The Kangaroos, who advanced to their shot at the championship Friday with a hard-fought 58-54 victory over the Screaming Eagles of Indiana State University of Evansville. The Cougars breezed Friday night with a 83-51 triumph over the Kangaroos (yes, the Cougars) at Chicago State University. Eleven Cougars figured in the scoring against Chicago State with junior center, Cheryl McCree's 18 points.

Wednesday night, the women SIUE cagers will join the men in a formal opening of the Sam Vadalabene Gym.

The women will meet the St. Louis University squad starting at 5:15, while the men, seeking to post their second victory against three losses when they take the floor against Lewis University of Joliet at 6 p.m.

To welcome the public to the new gym, there will be no gate charge and parking will be free, too!

Now 2-0 Trojans pummel Pinckneyville

By ALAN L. GERSTENECKER

Sports Editor

MADISON — First-year Trojan basketball coach Rodney Watson is settling in to the helm of his coaching job at Madison High School just fine.

After Friday night's victory over Granite City and then another — a 76-72 victory over Pinckneyville on Saturday, Watson isn't calling it a love affair yet, but he does admit he likes where he is.

"Oh, I've never called it a love affair, but I think they (Madison's athletes) realize what we've got. We've reached out, they and I. We've got an understanding. Each day is a learning, growing experience," Watson said.

WATSON isn't trying to get the Trojans to forget his predecessor Larry Graham, nor does he want to. But, as he pointed out, this is 1984 and the Trojans are in a new season with a new coach.

"I'm not going to try to get them to forget Graham, but this is a new season. They can't live in yesterday."

Judging by the way the Trojans played Saturday, basketball was the only things on their minds.

Battling a scrappy Pinckneyville Panther team, the Trojans managed to maintain a lead by the end of each quarter, despite falling behind in each of the first two quarters.

In the third quarter, the Trojans opened the game up, much

the same way they did the night before against Granite City. Leading by as much as nine points in the quarter, the Trojans had the Panthers against the ropes only to allow six unanswered points and allow the Panthers back into the game.

Midway through the third stanza, Reggie Banks put the Trojans up by nine, 44-35 with a 10 foot jumper. Following a Pinckneyville time out, the Panthers began their near comeback.

Pinckneyville's Darin Webb bounced a banker off the glass with 2:50 remaining in the period, 48-41. Then Banks snuck in underneath with a masterful reverse layup, 50-49 and the Trojans momentarily preserved their nine-point lead.

THEN the comeback.

Dwylene Eppin, who managed 21 points for Pinckneyville, sank a 20 footer, 50-43. Then he came back just 21 seconds later and led it again from the other side, 50-45.

Eppin would have tried it again had Banks not been playing so close. But as it was, Eppin passed off to Brad Shotton who hammered in two more points to move the Panthers within three, 50-47.

That, however, was as close as the Panthers got to the Trojans. For the remainder of the third and the entire fourth quarter, Madison maintained a four, five and six-point lead.

"WE'VE GOT a young ball club," said Pinckneyville coach Dick Corn after the ball game. "Each time we got close to them they'd do

something or we'd create a turnover and give it right back to them. We just couldn't get over that hump."

"We're a young ball club, though. A lot younger than we were last year when we beat them at our place," Corn said.

Watson, who saw his club commit several turnovers against Granite City the night before was happy with the progress that his team had made from one night to the next.

"WE TALKED about some things defensively and applied a little more direct pressure than we did before," Watson said. "Those things and we cut down on our turnovers. We took care of the basketball a little bit better than we did last night."

"It's good to win. This being our first home game wasn't an easy one. Pinckneyville is well-coached and they shot well from the outside."

The win dropped the Panthers to 0-2, after dropping their opener last week to Eldorado 74-68.

Defeat McCluer North Warrior skaters win again

NORTH COUNTY — The Granite City Warriors club hockey team displayed a new season on Saturday

defeating McCluer North.

Coach Gary Henson calls it team work.

And although the 7-1 score Saturday is comparable with earlier victories, Henson said the team aspect of the game was enjoyably different.

"We had some good passes with players looking for the open man," said Henson. "We played 42 minutes of solid hockey. We did a lot of things right for a change."

THE WIN boosts Granite City to 6-0, although Henson has openly admitted that he has been dissatisfied with his players' drive and determination. His tune began to change after the team's 9-1 win over Hazelwood Central last Monday. He

said Saturday's win is further encouragement that the players are maturing.

"We got back into action, working on our passing and shooting," said Henson. "This was probably our best game teamwork-wise. We played good positional hockey."

Along with the team effort, the Warriors received a strong individual effort from Dave Yurkovich. The Granite City senior scored three goals in the first period when the Warriors exploded to a 4-0 lead. He also added another goal in the second period.

DAVE YOUNG, Todd Hinterser and Lee Schreiber also scored for Granite City. As in previous games, the Warriors dominated the contest offensively. While Granite City had 45 shots, on goal, McCluer North

managed to get just 15.

"Our forward line was around the net continually," said Henson. "The one thing that helped them was the work of their goalie. He played excellent and kept us from getting to double figures."

Although the contest was an away game, Henson seemed pleased with the larger turnout of Granite City fans than in previous games.

"WE PLAY a good brand of hockey," said Henson. "I'm happy the fans are here to cheer us on. We're an exciting team to watch."

The stands will likely be jammed at the Wilson Park ice rink tonight. Granite City will face Francis Howell, which represents the Warriors' last opponent in the league's north conference that the Warriors haven't beaten. The game is set to begin at 8:30 p.m.

1985 Games Prairie State Games July 17-21

CHICAGO — Governor James R. Thompson announced Monday that the final also announced the appointment of William W. Wirtz as General Chairman and Edward A. Leonard as Director of the 1985 Games.

Kemper Sports Management, Inc., a Northbrook-based company, also has been retained to administer, manage and raise funds for the 1985 Games.

Wirtz served as fundraising Chairman for the Games in 1984 and Leonard, who works for Kemper Sports Management, was instrumental in fundraising and producing the 90-minute television package on the Games.

The Governor also announced that Ralph D. Hegener remains as the executive sports director, in charge of

ing to be bigger and better than ever," Governor Thompson said.

He also announced the appointment of William W. Wirtz as General Chairman and Edward A. Leonard as Director of the 1985 Games.

"1984 was the first year for the Illinois Prairie State Games and it was a very successful year," the Governor said. "More than 6,500 athletes, men and women, boys and girls, competed in 14 sports in eight regions throughout the State and nearly 2,800 vied for gold, silver and bronze medals during the finals at the U of I."

"We are proud of the beginning the Prairie State Games have made and we know that in 1985 they are go-

ing to be bigger and better than ever," Governor Thompson said.

For Sauk Valley Soccer Burton, Macko top Redmen awards

Jim Burton and Mike Macko were honored at the 1984 Sauk Valley Junior College Soccer Banquet as Region IV First Team Selections. The Granite City products were selected for their play by opposing coaches from the National Junior College Athletic Association.

Burton played fullback for Sauk and plans to play at Illinois State University next fall.

Macko was named to the first team for his play at center halfback

for the Redmen and is considering several colleges to complete his career, including Illinois State.

Other awards and recipients were: most valuable player - Jim Burton; best offensive player - Mike Macko; most improved - Kevin Sproul; best defensive player - Jim Burton; Coaches Award - Keith Mollenar; hustle award - Steve Nagy; Co-captains 1985 - Lee Gavlick and Kelly Carter.

Letter Winners were Steve Nagy,

Dan Turley, Jim Burton, Yai Lainghobu, Frank Ruiz, Lue Yang, Counting Nguyen, Keith Mollenar, Paul Heilman, Mike Macko, Kelly Carter, Darrell Gibbs, Lee Gavlick, Bruce Bennett and Kevin Sproul. Gibbs and Gavlick are also from Granite City.

The 1984 Redmen finished second in the Region IV Soccer Tournament and won the Maves Memorial Cup. Their second was 15-6-3, the best in the school's history.

Warrior wrestling (Continued from Page 9)

"We held him (Fenoglio) out in the earlier matches because we wanted to save him for Bloomington," said Schmitt. "He came through with flying colors."

Granite City opened their season with two shutouts Friday, including a solid 2-0 win over Centralia. The Warriors defeated Carbondale, 1-0, which was hurt by circumstances that affected Granite City earlier this year.

"They had to forfeit because of a teacher's strike," explained Schmitt. "The teachers had just gone on strike Friday."

The Warriors will open their home schedule when they take on Jerseyville at 5:30 p.m. Friday.

GC Wrestling Club signups at practice

The Granite City Wrestling Club is still registering youths who wish to participate in its winter wrestling program.

Although the club has ceased its formal registration season, those persons who wish to participate may still do so by signing up at its practices twice a week.

According to Bill Widel, club spokesman, persons may come to either of its practices on Monday and Wednesday evenings at Granite City Center gymnasium. Practices are from 7 to 9 p.m.

The club is for youths in the sixth grade or younger.

Persons registering for the first time will need to submit a copy of their birth certificate to prove age. Persons who wrestled with the club last year need not present proof of age.

Persons seeking further information about the Granite City Wrestling Club may call Widel at 797-1834.

Bears' season ends, 15-4-2

Wheaton College ended Washington University's hopes for a berth in the final four of the NCAA Division III soccer championships with a 2-1 victory over the Bears on Saturday, Nov. 24, for the rights to the championship contest. The Battling Bears concluded the 1984 season at 15-4-2, their best mark since 1980 when they were 18-7-0.

Crusader's forward Mark MacDonald called the two goals for Wheaton while freshman forward Dennis Northcott, St. Louis, had the lone goal for the Bears.

Sophomore forward George Chapin, St. Louis, Mo., was the leader in goals and assists this season scoring a school record 23 goals and 11 assists. Chapin has now recorded 35 goals and 13 assists since he joined the Bears in 1983.

Newcomers Zack Edmonds, Dayton, Ohio, and Dennis Northcott, St. Louis, Mo., enjoyed an outstanding rookie year as both players finished second to Chapin in points with 24.

Northcott had nine goals for the Battling Bears and Edmonds totaled seven.

Ron Weller overcame a knee injury from last year and added eight goals for WU. In the nets, John Konsek, Neenah, Wis., recorded 8.83 shutouts and compiled a goals against average of 0.92 with 105 saves. Konsek was credited with the 15 Bear victories. The soccer Bears averaged one goal defensively, and 3.29 offensively. WU recorded 11 shutouts this season.

David Sheikh, a back for the Bears and from Granite City, ended his sophomore season with two goals and two assists.

GCHS soccer banquet is slated for Dec. 26

The 1984 Granite City Soccer Banquet is scheduled for Wednesday, Dec. 26, at the Croation Hall in Madison.

This annual event serves as a homecoming for all previous and present soccer players, coaches, cheerleaders, fans, family and friends of soccer. The guests of honor will be the 1984 Granite City High Varsity soccer team and head coach Gene Baker and his staff.

The event will begin at 5:30 p.m. with refreshments and dinner, followed by the evening's program.

Graham on Scots' mat team

A local student, Doug Graham, is a member of the 1984-85 Monmouth College Fighting Scot wrestling squad.

Under first-year head coach Orv Otten, the Scots will be looking to improve upon last year's fourth-place conference finish and send a number of wrestlers to the NCAA Division III National Championships in Rock Island.

Monmouth College is a member of the 12-team Midwest Athletic Conference, and is affiliated with NCAA athletics. Monmouth offers 13 intercollegiate sports for men and women. Conference teams include Beloit, Coe, Cornell, Grinnell, Illinois College, Knox, Lake Forest, Monmouth, Ripon, St. Norbert, The University of Chicago and Lawrence University.

Graham wrestles in the heavyweight division and was the conference champion and an NCAA National Qualifier last season. The son of John Graham is a sophomore government major and a 1982 graduate of Granite City South High School.

and capped off by dancing to a live band.

Tickets for the evening's activities are \$5 per person and should be purchased in advance from any of the following locations: Sheridan's Drug Store, 2301 State Street; Jim's Cuts and Styles, 2720 Nameoki Road, 877-2043; Realty World Star, 8707 Nameoki Road, 876-0024; Harry and Sandy Cakes, 877-3146 or Ranney and Roseanna Rich, 931-0495.

For further information, persons may contact John Blasingame, 876-0024.

Sports exchange program begins

Sport for Understanding, a non-profit international sports exchange program, is currently forming 37 teams in different sports to play in Europe, Asia and Latin America next summer.

Players ages 14-19 need only to have average of better athletic ability and can sign up in any of the following sports:

Basketball, cross country, diving, field hockey, golf, ice hockey, judo, skiing, soccer, softball, swimming, tennis, track, volleyball and water polo.

All team programs are four weeks in duration and each team is accompanied by a coach.

Tackling the odds... almost

By AL BARNES
for the Press-Record

A recent edition of the St. Louis Globe-Democrat, (Wednesday, Nov. 28) carried the results of its "Tackle the Odds" football game winners.

Three-hundred thirty people successfully predicted the winners of 11 football games the past weekend and went on to correctly predict the winner of Monday night's Miami vs. New York Jets contest.

Of the 303 winners, 11 correctly picked what the "point spread" would be. So, they put the 11 names in a hat and drew out the winner. A Hazelwood, Mo., resident, Louie Robin, was the winner.

Reading the story, my mind wandered back to around 1948 when betting on football games by buying cards from gamblers enjoyed its first crazy vogue.

So, to cash in on the craze, my newspaper, the St. Louis Star-Times, started a contest much like the present day's Globe's, but much tougher as the fans, I dimly recall, were asked to pick the winners of 30 games.

Mathematically, the odds against anyone ever picking all the winners, which meant guessing the correct point spreads, was roughly 1 billion to one.

The Public's response was, nevertheless, amazing. The newspaper office was swamped with letters week after week.

For the first four weeks no one even came close.

Then it happened. Early one Monday morning as the crew opening the letters tackled the mountain of entries, a Washington University student working part time at the paper, yelled out: "My God, this can't be true. I've got a perfect card." He kept up yelling until his co-workers, plus his supervisor, finally calmed him down.

The supervisor took the entry,

checked the envelope's postmark for date and time of canceling. All was well within the deadline.

So, in good time, the winner was called and brought into the office to be interviewed and receive his check.

Two weeks later, the same incredible thing happened again.

Another perfect entry.

One week later, the same thing happened again!

Over a period of roughly six weeks, three individuals had defied the unbelievable odds of picking three perfect cards.

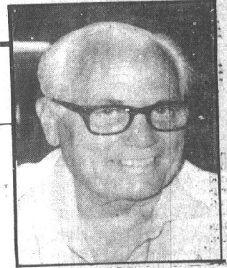

Instead of one billion to one, the thing now had climbed to well over a trillion to one.

Of course, the people in charge of the contest had already realized that something was wrong, but the newspaper paid off all three individual winners, who were, by the way, not related or anything.

A meeting was called to try to figure out what was happening. Midway through the meeting, an employee of the firm which had sold the game to the Star-Times, was ticking off ideas out loud, when he said: "It is almost as if these three guys all worked at the post office and pre-stamped envelopes to qualify them for the contest and then waited until Saturday's games were over and then completed the forms, slipped them in the envelope and dropped them into the mail to be delivered either Sunday or Monday to the newspaper."

He had no sooner voiced the idea than he knew that he had stumbled on the solution. But, how to prove it and nab the guy or guys inside the post office, who were doing the dirty work.

After that, the rest was easy, comparatively so, that is. The postal service in most large cities have men trained to detect crooked things going on in the post offices. So, they were called in.

Within 24 hours, the three winners were contacted by the post office detectives and interviewed separately. All three were pried with free beer at their neighborhood taverns until their tongues grew loose.

When the trio of postal detectives got together at the main post office and compared notes, they had their man.

The man was called in and grilled and soon broke down and confessed. "The most ironic twist of the story was the man had entered all three of the contests and his entries would have been in the top ten each of the contests."

More ironically than that, though, was that the newspaper, at the urging of the post office department, did not run a story of the scam.

Park seeks refs, hoop leagues forming

The Granite City Park District is taking team applications to complete its coming basketball leagues. The entry fee is \$125.

The non-resident fee is \$17.50 for any player who does not live in the Granite City Park District. Games will be played during the week.

The park is also seeking persons who would be interested in refereeing these leagues.

Persons who would like to register for a league or would wish to referee should call John Lakin, recreation supervisor, 877-3059.

Phone directories promote tourism

"Illinois Vacations" is the theme of the new Illinois Bell telephone directory being delivered in Granite City.

The new directory cover features an open photo album atop and Illinois road map.

Pictures in the album show scenes of Kickapoo State Park, the Julia Belle Swain riverboat in Peoria, Cahokia Mounds and the Old State House in Vandalia. Also shown are New Salem State Park near Springfield, the Richard F. Newcomb House in Quincy, U.S. Grant's home in Galena, the Illinois and Michigan Canal, Magnolia Manor in Cairo and

the Chicago skyline.

"Tourism is a \$7 billion business in Illinois and generates \$700 million in taxes for the state and communities," said Joe Bennett, Illinois Bell community relations manager.

"This is a major source of business which can be developed further," Bennett said. "That's why Illinois Bell decided to devote its 1985 directory cover to Illinois tourism."

"We hope people will retain the Illinois Vacations idea for a while after being reminded of it for the year they use this directory," said Bennett.

The Customer Guide pages on the first section, inside the new directory, provide important information for telephone users doing business with Illinois Bell, Bennett commented.

Among the items covered are billing, directory assistance charge, repair, long distance service and money saving tips. The Customer Guide also provides information about Market Service Areas (MSA's). MSA boundaries do not cause changes in local calling areas, but instead divide responsibility for long distance calling between Illinois Bell and long distance companies.

Incident ends in arrest of two

Charges of disorderly conduct were filed last week against Scott A. Harris, 18, of 204 Wilson Park Lane, and Brent L. McKinney, 18, of 203 Wilson Park Lane.

The pair was arrested after an auto was located in the 200 block of Wilson Park Lane with five people inside. Two 17-year-old youths and a 16-year-old girl were released to their parents.

Officers were looking for the car after David Towery, 2313 Terminal Ave., reported a vehicle tried to run him off the road. He said the car first pulled behind his auto and the driver turned off the lights while driving north on Edwardsville Road.

On Maryville Road, the same vehicle drew alongside his car and attempted to run him off the road, he alleged.

Outside Towery's house, McKinney jumped out of the car, which was driven by Harris, and threw something at Towery, the victim alleged. Words were exchanged and McKinney and Harris left in their auto.

Both McKinney and Harris were released from custody after each posted a \$52 cash bond.

Swanson to serve on GC bank board

William D. Swanson, vice president and general manager of the Granite City Steel Division of National Steel Corp., has been appointed to serve on the board of directors of First Granite City National Bank.

In announcing the appointment, Board Chairman Melvin C. Wilmsmeyer stated, "Mr. Swanson will be a most welcome addition to the First Bank board. His broad business background and expertise in both the steel and steel-related businesses should prove to be very beneficial."

Swanson, 54, began his career with National Steel in 1960 at its Stran Steel Division as product engineer in the Torco Haute, Ind., and Houston, Texas, locations. In 1963, he was appointed research engineer for Research and Development located at Weirton, W. Va.

He held various positions in Research and Development until 1974, when he became division metallurgist at the Granite City Steel division. He was appointed general superintendent of finishing operations for Granite City Steel in 1978, and superintendent of primary operations in 1981. In October 1982, he was named director of operations and in July 1984 was appointed to his current position.

Swanson is a graduate of the university of Missouri with graduate work at Rose Polytechnic Institute and the University of Pittsburgh. He is the holder of four patents, and is a member of the American Iron and Steel Institute.

Weather, road data available

Captain Bobby L. Henry Sr., commander, District 11, reports that the Illinois State Police again are utilizing special weather and road condition phones which have been installed at all state police district headquarters.

These phones provide the public with current Illinois highway conditions. This service is provided from Nov. 1 through April 15 each year.

A pre-recorded report is updated daily at 5:30 a.m., 11:30 a.m., 4 p.m. and 9 p.m., or more frequently if weather or road conditions change.

The phones were installed to provide motorists with accurate information about highway conditions, and at the same time keep regular police telephone lines open for emergency calls. If you get a busy signal, wait a few minutes and dial again," Henry commented.

The number for this area is: 618-345-1330.

EMPLOYEES ALLEGE PROPERTY IS MISSING

Christopher Lettifer of Collinsville and Darrell Taylor, both employees of Stamps Sewer Co., 1501 State St., reported recently that upon returning to work at the firm they found the locks had been cut off their lockers. Some personal property was piled on the floor and other items were missing.

Lettifer reported an Army fatigue coat worth \$30 and a pair of boots valued at \$65 were gone and a down vest worth \$30 had been damaged with oil, grease and sludge.

A brown GPO jacket worth \$30 and six pairs of safety glasses valued at \$27 were missing from Taylor's locker, he said.

Uniwah District recognizes active scouters

The Uniwah Boy Scout District, serving the QuadCity area, has reorganized for the coming year and saluted those who made outstanding contributions to the district's success during the past year.

With Fred Mercer continuing as district commissioner, Jim Seiz is being succeeded as district chairman by Ed Kustin.

Highest honor that a district can bestow on a volunteer is the District Award of Merit. New recipients are Ethel Muller, Wilbert Engelage, Mark Yehling and Donald Lane.

LeRoy Stark, district training chairman, presented the merit awards. Stark also gave the Scoutmaster's Key to Bud Charbonnier and the Scouter's Training Award to Beatrice Stevenson, Carolyn Smith and Sandy Smith.

Carolyn Smith presented summer-time Cub Scout pack awards to Paul Mills, St. Elizabeth Catholic Church Pack 13, Bob Simon's Frohardt PTA Pack 22, Doug Griggs' Bethel Methodist Episcopal Church Pack 44 and John Tullock's Mitchell PTA Pack 141.

Jerry Poole gave National Camping Awards earned by Tom Senecyn's Nameki Methodist Church Troop Five, Marvin Wiedemer's St. Elizabeth Church Troop 13, Don Lane's Long Lake Fire Department Troop 46 and Lane's Maryville PTA Troop 96.

National Honor Unit Awards were presented by Robert Moske to Niedringhaus PTA Pack 12, Logan PTA Pack 19, Frohardt PTA Pack 22, Parkview PTA Pack 28, St. Mary's Catholic Church Pack 103, Maryville PTA Pack 96, Wilson PTA Pack 122, Mitchell PTA Pack 141.

Also, Troop Three sponsored by Granite City Optimists and the St. Louis Army Support Center, Nameki Methodist Troop Five, St. Joseph's Catholic Church Troop Seven, St. Elizabeth Church Troop 13, Mitchell PTA Troop 41, Long Lake Troop 46, Maryville PTA Troop 96, Suburban Baptist Explorer Post 102 and Post 104, sponsored by Madison Police Unit 110, each receiving the National Honor Unit Award.

District Commissioner Mercer presented Arrowhead Honor Awards

AWARDS OF MERIT Holding the top 1984 Boy Scout District volunteer awards are, left to right, Mark Yehling, Ethel Muller, Wilbert Engelage and Donald Lane, recipients, with LeRoy Stark, who presented the plaques and citations.

TRAINING RECOGNITION Left to right are Bud Charbonnier, recipient of the scoutmaster's key; Carolyn Smith, Sandy Smith and Beatrice Stevenson, winners of scouter training awards; and LeRoy Stark, Uniwah District training chairman.

Sandy Smith and Richard Foote, Boy Scouts of America Cahokia Mound Council Commissioner Ron Luebben introduced Dr. Peter A. Carie, a psychotherapist with offices in Granite City and Belleville,

who said scouting exerts a positive influence on young people. He praised cub, scout and explorer leaders for performing services that benefit "our country's future and our leaders of tomorrow."

Festival of Giving events set

Festival of Giving programs, an annual activity of the Quad-City Girl Scout Troops, will be conducted on three separate dates and places, according to the River Bluffs Girl Scout Council officers.

The initial event will be on Thursday, Dec. 6, from 6:30 p.m. to 8:30 p.m. in the Granite City Township Building.

Entertainment will be provided by

the Granite City Swim Choir and individual troop members. The decorated baskets filled with canned foods will benefit Catholic Charities and Nameki United Methodist Church who will in turn deliver the staples to area needy families.

The second festival is scheduled for Sunday, Dec. 9, at the Madison Recreation Center from 2 p.m. to 4:30 p.m. All their donations will be delivered to needy families selected

by the troops in that area.

A final gathering will be on Monday, Dec. 10, from 6:30 p.m. to 8:30 p.m. at Niedringhaus United Methodist Church.

Donations at this affair will be given to the church to distribute prior to Christmas day. Girl Scouts in this particular group will also make tray favors for the Meals on Wheels program and table decorations for senior citizens.

Girl Scouts hold 'flying-up' event

Girl Scout Troop 797 and Brownie Troop 759 conducted a flag ceremony to open the November meeting of Frohardt School PTA.

After the business session of the PTA Unit Girl Scout Troop 797 held a flying-up ceremony for Stacey Ahlers, Kara Andrews, Dawn Freeman, Donna Hays, Jennifer Heater, Jennifer Smith, Michelle Knox, Heather Sanders, Charlene Pearson and Layla Herstein. Leader Pat Pearson and her assistants Barb Freeman and Lucille DeLay were in charge of the ceremony.

During the program Brownie Troop 759 presented Brownie pins to Laura Barron, Audrey DeLay, Sarah Patterson, Dawn Margrabe, Catrina Benson, Kelly Weaver, Andrea Knox, Jessica Goodwin and Tara Welbusch, under the leadership of Marcia Barron.

Refreshments were served at the conclusion of the event.

AOAI Amateur Club plans yule party

Members of the A.O.A.I. Amateur Club gathered at the National School of Music, 2100 Cleveland Blvd., to share a musical evening and to make plans for a Christmas affair.

The group will host a yuletide party at Bob's Place, 1901 Third St. Madison, in the reception room there on Sunday, Dec. 16, at 2 p.m. Each one who attends is to bring a covered dish and a \$2 fun gift for exchange.

Plans include a program of organ music and singing.

Entertainment at the planning meeting was organ music by Burel Schmeisser and Helen Testerman. Schmeisser served refreshments to Fern and Harvey House, Mrs. Testerman, Irene Dawes, Wilhelmina Worthen, Dorothy Alsop, Zelma Finch, Betty Applegate, Doris Schmidt and Henry Coleman.

Chouteau announces children's yule party

Chouteau Township will sponsor its annual Christmas party for children in that area on Saturday, Dec. 8, from 9 a.m. to 11 a.m. at the Chouteau Township hall on 697 North Thorngate Drive, according to Mrs. Pat Polley, township clerk.

Those attending will have breakfast with Santa Claus that will include juice, donuts and a drink.

Music for the entertainment hour will be provided by Joey James and Piccolo Pete. Billy Bob from the Show Biz Palace in Alton will officially greet the young guests and as each child leaves the party Santa will give them a special treat.

Third child arrives for Stephen Sedabres

Mr. and Mrs. Stephen (Becky) Sedabres, 2524 Edison Ave., became the parents of their third child on Nov. 15 at Jewish Hospital in St. Louis.

The new arrival, a girl, has been named Anna Kathryn and she weighed 7 pounds, 14 ounces. She has two brothers, Joshua age five and Jacob who is two years old.

Grandparents include Mr. and Mrs. Augie Becerra, Granite City, Ralph Reeder of Erie Carbon, and the late George Sedabres and the late Peggy Reeder.

Prather PTA reviews candy sale project

Prather PTA members met at the school and reviewed the candy sale fund raising project and noted there is still \$1,000 outstanding in collections.

Mrs. Joy Bohnenstiel, president, announced there is extra candy for sale and anyone who wants to purchase the item is advised to call 877-2578.

She added there was a total of \$990 distributed as prize money.

Diana Pulliam read a letter from the Area PTA Council according recognition to the PTA unit for its participation in the spaghetti dinner and craft show.

Plans were announced for the annual school carnival to take place on May 3 and it was reported pictures of the students will be taken this week.

Melva Winnie said the Girl Scout cookie sale was a success and extended appreciation to the leaders for the work involved in the fund raiser.

There also will be a PTA blood drive on March 12 and 14 and volunteers are needed to assist with the program. Also, it was noted at the Area Council PTA meeting that Wilson School won the Cultural Arts contest.

The annual council award dinner is scheduled for March 21 and Phyllis Beckel informed the members of a safety workshop for the students.

Nancy Marti, school principal, announced the teacher conference was well received.

Room mother chairmen were advised to contact their committees and discuss the class Christmas party and how the money is to be spent. The class of Mrs. Cheryl Gann needs a room mother and any mother interested is to call 451-7818, the president announced.

Named winner of the Campbell Soup label contest was Jennifer Passig as she collected 619 labels.

Other announcements included that Carole Ryan, music teacher at the school, will present a program at the next PTA meeting with the first grade class and Prather Special Chorus to perform.

Guest speaker for the meeting was Pam Gindler who spoke on Child Abuse and Abduction.

Mrs. Susan Lentz class won the \$5 prize for having the largest number of parents present. There also was a discussion on the circle drive in front of the school.

The next meeting is set for 7 p.m. on Dec. 10, the president said.

AARP Chapter 3577 hosts belated dinner

Members of AARP Chapter 3577, the afternoon group, met at Anchorage Recreation Hall for a belated Thanksgiving pot luck dinner, last week.

Casimir Skubish furnished the ham for the dinner.

The president, Virgil Worley opened the meeting with prayer and Pledge of Allegiance followed by Edith Worley who read the minutes of the previous meeting.

Leona Spickett, treasurer, submitted the financial review, and at this time the president read several letters concerning the aged.

Plans were finalized for a Christmas party on Dec. 12 to begin at 11 a.m. with a potluck dinner. Gifts will also be exchanged after the dinner hour, the president said.

AARP meeting attracts 154 members

Granite City Chapter 1340 of American Association of Retired Persons met at the Granite City Township Hall with an attendance of 154 members.

President Bernice Mercer opened the meeting and Ruby Corbett gave the opening prayer. Miss Ruth Toomey, assistant state director, led the Pledge of Allegiance. Minutes of the last meeting were read by Secretary Irma Manning and the treasurer's report given by Florence Austin. A Community Service report was given by Anne Pare. Anyone interested in working as a Senior Aid is to call RSVP office 876-2223, located at McKinley School, she added.

Fitness Fantasy classes will start soon at YMCA, also aerobic dance classes, and people needing Social Security information should see representative from 9:30 to 11:30, the second and fourth Tuesday of each month at Anchorage Hall, the president announced.

Retta Lombardi gave a report on get-well and sympathy cards sent. At the suggestion of the board, it was voted to make a \$500 donation to Meals on Wheels.

The nominating committee reported the following nominees and they were elected unanimously: Verne Mercer, president, Juanita Crawley, vice-president, Cell Mance, secretary, Florence Austin, treasurer, and board members, Anne Pare, Oscar Ash, William Zinn, Marge Hall, Clyde Myers, Nick Lucido, Gertrude Boskay, Kim Lipchik, John Kozer and John Petish. Named to the 1985 nominating committee were Harold

Cain, John Baker, Clara Tanase, Ruth Jensen and Frances Bringer.

Entertainment was by the Swing Choir from high school, followed by Jack Soloberger, who spoke on "The Dream Factory" and what it means to children who are terminally ill.

Attendance prizes were awarded to Andrew Smurda, Edgar Padlock, Marianne Lambert, Edna Ishum, Erma Marti, Villa Ridings, Rosemary Breyer, Ann Austin, Eva Barry and Helen Favier.

The Boy Scouts also presented films of their activities, before the meeting closed.

Dates change for IAEOP conference

At a recent meeting of the Granite City Association of Educational Office Personnel, Arlene Haldeman reported that the fall conference of the Illinois Association of Educational Office Personnel has been rescheduled.

Mrs. Haldeman told the group that the dates have been changed from Oct. 18, 19 and 20, 1985, to Oct. 4, 5 and 6, 1985, due to a conflict at the Airport Marriott in St. Louis. She advised the group that room rates would be \$47 per night, and up to four people could share a room for the same price.

In other business, Lee Guenther reported that plans were continuing for a Christmas party Dec. 6 at Sonnie and Char's Restaurant in Collinsville. She asked members to send in their reservations if they had not done so. The party will begin at 6:30 p.m. with dinner at 7 p.m.

Vice President Barbara Hedger reminded members to be thinking of persons to be nominated for Secretary of the Year and Administrator of the Year.

Mrs. Hedger chaired the meeting in the absence of the president, who was recovering from back surgery. Minutes of the October meeting were approved. An attendance sheet showed that 30 members were present during the meeting.

Mrs. Haldeman reported that the group's membership numbers 54 to date, and only three active secretaries have not joined the organization.

Following the meeting, John Plattner of Balch and Skinner presented a demonstration on Christmas decorations and ways to decorate using items already in the home. He awarded attendance prizes to Wanda Page and Candy Kawula, who recently celebrated birthdays.

Mrs. Hedger and Marge Burdge served refreshments after the demonstration.

Other members in attendance included Millie Chandler, Shirley Brown, Marcella Pilcher, Wanda Kutner, Lucille Caban, Pat Umoff, Gerri Keppeler, Sonja Ohanesian, Berta Milanis, Phyllis Pickrel, Betty Harris, Beth Spengler, Helen Favier, Arlene Smith, Karen Sessler, Barb Dickerson, Georgeanne Georgeff, Dorothy Hamilos, Vivian Hillen, Evelyn Glozik, June Schneider, Nancy Rosales, Zoe Mitchell and Frieda Andrews.

Timothy Stafford and Melissa Copper
Copper-Stafford

The engagement of Miss Melissa Copper and Timothy Allan Stafford is being announced by the bride-elect's parents, Mr. and Mrs. Paul Copper of Palestine, Ill.

Parents of the prospective groom

are Mr. and Mrs. Newman Stafford of Granite City.

The betrothed couple plan to be married on Dec. 7 at the Tree of Life Church in Hutonsville, Ill., in a 7 o'clock evening service.

Nameoki Women's Club plans yule party

Members of the Nameoki Women's Club will meet at the First Season Restaurant on Dec. 19 for its annual holiday party and gift exchange, it was announced by President Elsie Rodell at the November meeting.

Reservations must be made with the program chairman no later than Dec. 12, she added.

A dessert course was served, prior to the meeting, by hostesses Lucinda Huck, Mary McCallum, Donna Schaefer and Millie Meek. Table decorations were carried out in a Thanksgiving motif.

GC Jr. Service sponsor candy drive

The Granite City Junior Service Club members are in the process of selling candy through the end of December as one of its fund raising projects for the holiday season, with Joanne Waymire serving as chairman.

Another successful venture is Breakfast With Santa that was held Saturday in the Granite City Township Building and was a sellout. It was announced at the monthly meeting of the group.

Sarah Repp, Brenda Weekman and Gale McGovern were hostesses for the Thanksgiving session.

President Joella Harris reported several eyeglass cases and their needs were granted approval by the membership.

Those attending were Pat Mur-

phy, Becky Serlich, Elaine Rains, Faith Hoisinger, Mary Holloway, Arlene Wyatt, Pam Reed, Donna Sprankle, Betty Nighohostian, Joyce Curran, Jeannie Wilbur, Ruth Klaus, Laura Rapoff, Donna Polivick, Gail Miosky, Joyce Hellrich, Lynette Burnette and Debbie McMillan, and two guests, Renee Tanase and Mary Ann Bright.

Christmas play at Bethel Chapel

A Christmas play entitled "The Greatest of These" will be presented at the Bethel Chapel Pentecostal Church, 25th Street and Ohio Avenue, according to the Rev. Clifton Gallier, host pastor.

The presentation will be performed by the Free Gospel Bible Institute students from Export, Pa., on Friday, Dec. 7 at 7:30 p.m., Rev. Gallier explained.

Area residents are invited to attend the seasonal affair, the minister added.

Past Regents dinner here

Thanksgiving decorations were used throughout the Moose Lodge Hall and as table appointments for the Past Regents dinner hosted by the Women of the Moose, Chapter 247.

Past regents honored at the affair included Iris Chastain, Margaret Fronabarger, Jennie Bilyeu, Marian Lipscomb, Mildred Volotup, Edna Miller, Jean Teller, Dorothy Coy, Clara Johnson, Sylvia Woods.

After the dinner hour a business meeting was conducted by Senior Regent Carolyn Hester. She announced plans are completed for the Academy of Friendship Christmas party feature a potluck dinner on Dec. 4, the annual chapter holiday party on Dec. 11, past regent Christmas party on Dec. 17 and the Moose Children Christmas Party on Dec. 16.

The next meeting of the chapter will be a social service affair on Dec. 11, Mrs. Hester added.

Don't spoil an old-fashioned Christmas

with old-fashioned wiring

Before you put the lights on your tree this year, please check to make sure the cords are not frayed or cracked. Replace any strings that are questionable, because exposed wires could start a fire. And be sure your holiday lights don't overload your circuits.

Using a natural tree? Be sure to keep it well watered. Always remember to turn the tree lights off whenever you leave the house. You can conserve energy by using low-wattage lights instead of floodlights outdoors.

Holiday Safety Suggestions

- Don't plug all your tree lights into the same outlet. Avoid long extension cords.
- Use timers to enjoy your lighting when you want it and to conserve energy, automatically, when the lighting isn't needed.
- Look for the UL (Underwriter's Laboratories) seal on every string of lights and other fixtures.
- Don't use flimsy, easily flammable decorations that could be ignited by contact with a lighted bulb.
- For outdoor lighting, string your lights from a grounded outlet. Be sure to use plastic film where extension cords join. And use cords and fixtures approved for outdoor use.

Best wishes for a safe holiday season.

THE LAW AND YOU

BY RICK REED
Attorney At Law

Let's assume that you are a 65 year old married man, and your wife is admitted to the hospital with a serious illness. You have no health and accident insurance, and she is in the hospital for several months. After a substantial period of hospitalization, let us further assume she dies as a result of the illness. Are you as the surviving spouse responsible for the medical bills she incurred?

The husband in this hypothetical situation probably is responsible for the hospital charges. This is the case even if he signed no agreement at the hospital obligating himself. The reason the hospital can pursue the husband in this situation is because of the Family Expense Act. This Act provides that the expenses of a family can be chargeable to both the husband and the wife even though only one spouse incurred the expenses.

The next question is what constitutes a "family expense" so as to make a husband and wife jointly liable? The Courts usually look to whether the expenditure was incurred for an article kept or used by the family or whether it was items which have been found to constitute a "family expense" include musical instruments,

books, pictures, articles of clothing, hospital and medical services, and funeral expenses.

Another situation where the Family Expense Act frequently comes into play is when a husband and wife are contemplating divorce. If the spouses are still together, and one partner makes numerous family purchases, both can be held liable for these expenditures. In some cases, one spouse may be totally unaware of the items purchased and yet still find himself jointly liable.

What can the non-purchasing spouse do in this instance? One tactic which will not help is to put a notice in a local newspaper indicating that he or she will no longer be responsible for the debts of the other. If the purchase is a family expense, the husband will continue to be obligated for purchases by the wife, even if he has such a notice published. The Courts are unwilling to impose a duty on creditors to read notices which are published in local newspapers. Probably the only way to cut off his potential liability in this situation, both can go ahead and get the divorce. The Family Expense Act will not apply if the family unit is dissolved by divorce.

902 tax objections filed with Circuit Court

Madison County Circuit Clerk Willard V. "Butch" Portell reports that October was "a very productive month, and there was a gain in all categories" of cases in the Circuit Court, Third Judicial Circuit (Madison and Bond counties).

During October, he notes in his report to the Supreme Court Administrator's Office, 6,154 cases were filed and 5,018 were terminated by the court.

"The results of the totals are misleading because 902 cases were tax objections filed during this month," Portell commented. "However, in all categories it was very productive, especially in the large law cases where 32 cases were filed, two cases reinstated and 34 transferred to the jury division. There were 90 cases disposed of, which leaves a very substantial gain in these time-consuming cases."

Portell also noted a gain in the non-jury cases under \$15,000, while divorce and all other categories remained stable.

Following are the numbers of each major type of case filed, terminated and pending at the end of October.

Cases	Filed	Terminated	Pending
Jury	32	90	1774
Non-jury	64	17	577
Law cases seeking more than \$15,000			
Jury	2	26	298
Non-jury	50	60	512
Other cases			
Chancery	32	52	495
Miscellaneous Remedy	32	32	478
Eminent Domain	6	1	67
Tax Objections	902	27	1261
Mental Health	53	44	16
Divorce	148	158	1068
Family	177	108	2231
Juvenile	51	44	346
Felony	63	50	290
Misdemeanor	468	386	3536
Small Claims	424	365	2763
Totals	2,504	1,460	15,728

In the traffic division, 3,063 new cases were filed during October, and 3,009 were terminated, the report shows.

Of the 56 felony cases heard during the month, 40 were convicted of felonies, one was discharged at a preliminary hearing for no probable cause, four were dismissed or transferred on a motion of the defendant, three were dismissed or consolidated and six were reduced on a motion for a misdemeanor or a plea was negotiated.

Guilty pleas during October included 10 for Class Two felonies, 17 for Class Three felonies and nine for Class Four felonies, with one Class Four felon convicted by a jury. One Class Three felon and two Class Four felons were convicted by the court.

Felony sentences during the month included 21 persons sent to prisons, six receiving probation with periodic imprisonment and 14 receiving probation or conditional discharges with other conditions.

Taxing entities exempted from utility tax in Pontoon

By SUSANNE INDELICATO

The Pontoon Beach Village Board of Trustees last week decided to exempt other taxing entities within the village from the village's utility tax.

The decision came a month after board members learned that Nameoki Township trustees have expressed a desire for the village to annex the township hall and adjoining township buildings. The township, however, asked that the exemption from paying the village's police tax on utilities.

WITH THE BOARD'S action last week, the Long Lake Fire Protection District also is exempt from the tax and, should the township buildings be annexed, the township then would be exempted.

In other action last week, the board approved a resolution to supplement the 1984 road maintenance program with \$5,315 from motor fuel tax funds. That action came after a meeting between members of the village board and Nameoki Township representatives.

The village and township have agreed to allow the Nameoki Township highway commission to perform work on village streets and the village will reimburse the township for the work. According to Village Clerk Mary Warren, the 1984 supplement will cover costs of cleaning catch basins and sealing streets in the village. That work was performed by the township forces.

THE BOARD ALSO approved an appropriation of \$48,162.82 from the motor-fuel tax fund for the 1985 road maintenance program.

A discussion of the absence of the village's attorney, Robert Hennessy, led the board to instruct Mrs. Warren to send him a letter advising him to attend all village board meetings or send a representative from his office.

3 CHARGES AFTER WRONG-SIDE COLLISION OF AUTOS

Bruce A. Manninger, 31, of 3111 Kirkpatrick Homes was arrested at his apartment a short time after a crash, recently, which his northbound car allegedly veered into a southbound lane of Washington Avenue at Hodges Avenue.

A southbound motorist, Edwin A. Meyers, 37, of 1751 Chestnut St. said he swerved to the left but the right side of his auto was hit by the right side of the Manninger car. Manninger was booked for driving under the influence of alcohol, driving on the wrong side and leaving an accident scene.

INJURED ON NAMEOKI ROAD

Rose M. DeBeaux, 31, of 1821 Sixth St., Madison, was hurt slightly recently, while northbound on Nameoki Road. There was damage to the right front of her car and the left rear of the auto of Margie Fausz, 64, Troy, who made a right turn from E. 23rd Street to go north and said she crossed partly into the next lane.

CAN YOU HELP? Pontoon Beach Mayor Glenn Wilson, left, kicks off the 1984 Give-A-Can Day by presenting two cans of food to Lion Nelson King, chairman of the event. The collection of canned foods will be conducted Saturday, Dec. 8, by the Pontoon Beach Lions Club.

VENICE WOMAN ALLEGES BATTERY BY VENICE MAN

James F. Baker Jr., 31, of 1325 Robin St., Venice, was charged with battery last week, after he allegedly punched a Venice girl.

The minor said she was in front of Venice Package Liquor Store, 324 Broadway, when she was attacked. Police noted that her mouth was swollen and bleeding.

Baker was released on \$52 cash bond.

BRICK BREAKS 2 WINDOWS

Mary Fitzgerald of 1011 Logan St., Venice, told police last week that someone threw a brick at her home, breaking the window in the front storm door, as well as the window in the front door.

SUPPERS MINOR INJURY

Silver L. Franklin, 28, of 518 Washington Ave., Venice, sustained a minor injury last week in an accident on Madison Avenue at Nameoki Road. Driver of the second vehicle involved was Thomas P. Carpenter, 25, of 4080 Bruene Ave.

STEEL BARS, PIPES TAKEN

Frank McGhee, an employee of Venice-Lincoln Technical Center, told police last week that someone took bars and pipes from the rear of the school, near the welder shop. Missing were: two stainless steel bars, 10 to 12 inches long, weighing 300 to 400 pounds; a 30-foot link of one-inch pipe and two 10-inch "I" beams, one 18 foot long and the other 12 to 14 foot long.

Pontoon Give-A-Can slated for Saturday

The Pontoon Beach Lions Club again will conduct its annual Give-A-Can Day in the village, this coming weekend, according to Lion Nelson King, chairman of the event. The all-day drive will be Saturday, Dec. 8.

King says Lions collected enough food last year to make up more than 100 food baskets. The local club will go from door to door in Pontoon Beach to accept cans of food from citizens to help feed the needy at Christmas time.

While residents of the area contribute cans of food to help fill the baskets, the Lions use their own funds to purchase products such as hams, chickens and staples so that each needy family can obtain a number of nutritious meals from each basket.

Baskets are distributed by Coordinated Youth Services. King notes that any citizens knowing someone who deserves a food basket can call a CVS representative or the Pontoon Beach Lions Club, and the names of needy persons will be processed to determine whether they will receive baskets.

HARASSMENT ALLEGED

Linda S. Grooms, 35, of 2230 Cleveland Blvd., was arrested on a warrant, alleging harassment by telephone, last week at the Granite City police station. The complaint was signed by James Daily, 3219 Maryville Road. She was released upon posting a \$102 cash bond.

WINNERS from Granite City High School in a Science Scholarship Quiz Show recently at Litchfield, Ill., included David Menendez, right, who was third, and Pamela Robett, who won fifth place. Thirty students from 15 area high schools competed. Menendez won a trophy and a check for \$150. Both students were recently named national merit semifinalists. Harold Gebhardt, science department chairman at GCHS, is faculty advisor to the quiz team.

JENNINGS MAN HURT

Bernard C. Stolle of Jennings, Mo., was injured last week, when his car struck and damaged the median while making a left turn onto Nameoki Road at Clark Avenue from Nameoki Village Shopping Center.

3 TVs, CAMERA TAKEN

7 Mack Riddle of 417 Weaver St., Venice, told police at 1:10 a.m. Friday, that someone burglarized his home. Taken were two 21-inch color televisions, one 5-inch black and white television, a 35mm camera, a set of luggage, \$5,000 worth of jewelry and one portable radio. Entry was gained by kicking in a door.

PARKED PICKUP TRUCK GONE

The blue 1974 Chevrolet pickup truck of Gordon Bailey, 4024 Lake Drive, Pontoon Beach, was stolen between 1 and 1:45 a.m. Friday while parked on 18th Street at Delmar Avenue. The vehicle had a blue camper shell.

BURGLARS LOOT MAN'S RESIDENCE IN VENICE

Jewelry items valued at \$5,000, two color televisions, a 35mm camera, a portable radio, a black and white television and a set of gold colored luggage were among the loot stolen from the home of Mack Riddle, 417 Weaver St., Venice, reported at 1:10 a.m. Friday.
 An inventory was being taken to determine what other items may be missing. The intruders gained entry by kicking open a rear door and also ransacked two bedrooms, reports said.

BURGLARS RANSACK

Burglars ransacked two bedrooms and the kitchen area at the home of August J. Kaseberg, 2425 Edwards St., where an inventory was being taken, he reported at 3 p.m. Saturday. Entry was gained by breaking a window on a rear porch door and also a glass pane on a house door.

School aid — income tax seen as key

By Ken Watson

SPRINGFIELD — It is becoming more evident day by day that 1985 is going to be a critical year for public education in Illinois. By the time it is over, the state's schools may at last be on something approaching a solid financial base or deeper than ever in a fiscal morass.

Few at the Statehouse would take any bets as to how it will turn out. But there is a consensus that state funding for education will be the dominating issue at the 1985 legislative session. Preliminary skirmishing is already well under way. Outgoing State School Superintendent Donald Gill has called for a \$1.2 billion increase in state aid to schools. His recommendation was promptly dismissed as impossible by both Gov. James Thompson and his budget adviser Robert Mandeville.

The final decision on school aid will come in the legislature, and the deliberations on the subject should be particularly interesting. During the recent campaign many a legislative candidate was promising voters that he would win more money for the district's schools. At the same time, most were also vowing to fight any tax increase proposals.

Most objective appraisers of the school situation agree that the only realistic way to increase state aid is to increase the state income tax. Some alternatives have been suggested. These include earmarking all state revenue from the lottery for the schools, broadening the sales tax to include professional groups such as doctors, lawyers and architects, and authorizing local school districts to levy income taxes of their own.

None of these, or any other al-

ternatives, are likely to survive close legislative scrutiny. All have built-in faults and none could come close to raising the increased revenue that educators raise the property tax to help the schools. About half of such referendums were approved, largely by excellent efforts by citizens groups.

But in spite of the Nov. 6 successes, there is a general feeling among school leaders that the limit in property taxes has been reached. Voters will not be in a mood to further boost their taxes for years to come no matter how noble the purpose. There is an overall feeling now that it is up to the state to provide whatever additional money may be needed to assure high-quality education.

Certain to cause a storm of controversy at the 1985 legislative session will be various proposals to change the present state aid formula. Many persons who voted against local referendums sincerely feel that local tax increases would not be necessary if the district received a "fair share" of state money.

The school aid formula is a highly complicated, and probably only education professionals really understand it. The objective is to assure an equal quality education for every student regardless of the economic status of his area. But about everyone seems to agree major revisions are needed. Districts in depressed areas complain they are not getting enough state money. Those in prosperous areas say they are, in fact, subsidizing other districts via high local property taxes.

Then there is the monumental problem of Chicago. A frequent refrain in the recent legislative races downstate was that too much state money is going to Chicago schools. In Chicago, candidates doubtless charged that the opposite is true.

A teachers' strike currently is looming in Chicago and an effort

is to be made at the present veto session for emergency state funds to head it off. The prospects of this are nil. But a strike in Chicago, as well as a scattering of strikes in various downstate school districts, will increase pressure on the legislature at its regular session next year.

Karen Spencer shines in Monmouth finale

MONMOUTH — The Monmouth College Lady Scots volleyball team concluded its season last weekend with a third-place finish behind St. Norbert and Coe Colleges in the Midwest Conference Championships.

The Lady Scots were defeated in the opening round 10-15, 2-15, 3-15 by the eventual champion, St. Norbert College. The Scots came back strong in the second round with a three-match victory over Lake Forest College 16-14, 15-1, 15-6.

"We weren't very up for the St. Norbert team," said Kathy Wagner. "They were very tough. But we showed a lot more confidence in the Lake Forest match."

The Scots finished the season with a 13-10-2 mark and placed sophomore Kim Hott, Riverton, on the All-Conference team. Hott set a record 25 kills in one match earlier in the season as did senior Karen Spencer, Granite City, racking up 29 assists in a single match against Coe.

"We were inconsistent all season," added the Scot mentor. "A lack of experience hurt us. We also had a few weak rotations. We were very susceptible in the middle when Hott was out. We lose Spencer, Mary Day, Delavan, and Kelly Ford, Carman, to graduation, so we'll definitely have to fill some key positions next year."

APARTMENT THEFT

A box guitar valued at \$200, a stereo component combination turntable, AM-FM radio and eight-track player worth \$100, two speakers worth \$30 and a digital clock radio, valued about \$35 were stolen from the apartment of Debbie Smith, 4602 Kirkpatrick Homes, she reported at 11:10 p.m. Sunday.

SANTA'S LITTLE HELPER.

 Santa Claus... now there's the epitome of preparedness. He'd tell you, if he could, that one of his secrets is having reliable transportation that will get him from Point A to Point B to Point C to Point D and so forth. The most seasoned of travelers endorses public transportation. In Madison County, that means the bus. It gets you where you're going fast, conveniently, and inexpensively. So you save money and peace of mind, important commodities in this Holiday season.
 Take it from someone who knows (Ho! Ho! Ho!)... the bus will get you where you're going. Without a hitch.

Zurheide performs physics demonstration at SIUE

Promising that "there will be no sex and violence," the Physics Club of Southern Illinois University at Edwardsville nevertheless invites the public to Professor Fred Zurheide's

"4th Annual Christmas Exposition of 'Astounding Phenomena'." The program is scheduled Friday, Dec. 7, at 3:30 p.m. in the lower auditorium of the Science Building.

Room 1105. "If we can get a chemistry class out of there on time," according to Zurheide.

IN ACCORDANCE with the Physics Club's cavalier approach to spelling and other linguistic intricacies, Zurheide's approach is light-hearted. "It's fun," he emphasizes, "we are going to try to do a lot of things we weren't able to get to during the regular class sessions."

According to Zurheide, "the surprising series of demonstrations in which the different tax structures affect the revenue forecasts for 1989. Expenditures grow with inflation — it revenues do not grow correspondingly, a tax increase must be sought to maintain services at a constant level."

For example, only about 20 percent of St. Louis County's 1981

admission is free, and those not obsessed by sex and violence (or those who just want to get away from it for awhile) are cordially invited to the Physics Club's annual way of ushering in the Christmas season.

Lecture discusses female stress

Women and stress will be the topic of a lecture and workshop Tuesday, Dec. 4, at Southern Illinois University at Edwardsville.

The lecture and workshop will be from 7 to 9 p.m. in the Redbud and Hickory Rooms of the University Center. The program is sponsored by the Women's Program Committee of the Student Program Board.

KATHRYN D. Cramer, a health psychologist and director of HealthLine programs at St. Louis University Medical Center, will be the lecture speaker and workshop

Course examines death

How do children respond to death? How do they handle dying and bereavement up through adolescence? These and other basic questions which will be addressed in Humanities 450: Children and Death, a course to be taught by

Charles Corr, professor of philosophy at Southern Illinois University at Edwardsville, during the winter 1985 quarter.

As general background, the course will address ways societal and adult views of death influence younger perspectives. It will also examine research on factors affecting the development of death-related concepts and attitudes in children.

SPECIAL PROBLEMS involving a child who is dying will be explored, along with needs of parents, siblings and those involved in caring for such a child. Neonatal and sudden infant death, suicide among young people, guidelines for counselors and strategies and resources for death

revenues grew automatically with economic activity, as compared with about 30 percent for the city of St. Louis, 40 percent for selected municipalities in St. Louis County, and about 50 percent for municipalities in Madison and St. Clair Counties in Illinois.

Illinois municipalities are projected to gain because their revenue sources are sensitive to a growing economy; they: share in state personal and corporate income taxes, have regular property reassessment without a restrictive cap; therefore, revenue keeps pace with inflation, and collect a sales tax which is inflation-sensitive and projected to grow.

AS A RESULT, the cities studied in the two Illinois counties are projected to have 1989 revenues of about \$24 million, or 16 percent, in excess of expenditures, based on present (taxes and present levels of spending. The report points out that "St. Louis County searches for revenue while Illinois municipalities are currently increasing expenditures and/or reducing taxes." The county's largest single revenue producer is the relatively static property tax.

In addition, they point out, the county's revenue from its inflation-sensitive sales and gross receipts taxes is threatened by annexations and incorporations.

ELLIOTT AND Levin project that St. Louis County, without changes in tax structure or increases in tax rates, would find revenues for 1989 falling approximately \$49 million, or 22 percent, short of covering expenditures.

By contrast, St. Louis City obtains 30 percent of its revenues from inflation-sensitive taxes — the earnings tax, sales tax and utility tax — and this is projected to reach 43 percent by 1989 because of inflation and revenues from the recently adopted

3/8-cent sales tax increases and new employment tax.

On that basis, and assuming the city continues to reduce per capita expenditures as population declines, the study projects that city revenues for 1989 will be approximately \$60 million, or 11 percent, above expenditures.

THE STUDY concludes that those municipalities in St. Louis County whose budgets rely on the sales and gross receipts taxes as their primary sources of revenue will realize a three percent positive gain in revenues over expenditures by 1989, still low in comparison to the Illinois municipalities and the city of St. Louis.

However, other county municipalities would be expected to have a financial outlook similar to that of St. Louis County or worse, depending on their ability to grow.

In releasing the study of long-term fiscal prospects for local governments in the St. Louis Region, SIUE President Larson said, "Although we each take pride in the particular town and state in which we live, too often we forget that we are all citizens of the St. Louis metropolitan area, one highly interdependent, regional economy. We share a regional quality of life, and that quality of life is strongly influenced by the essential services and amenities provided by all the local governments of our metropolitan area."

SOUTHERN ILLINOIS University at Edwardsville is dedicated to public service and enhancement of the quality of life in the region. It is our hope that this report will foster discussion, planning and cooperation to ensure a vital, responsive public sector for the region's future. Such a foundation is essential to the region's long-term economic health and social environment."

SIU at Edwardsville

THE STUDENT PROGRAM BOARD at Southern Illinois University at Edwardsville will sponsor an exhibit and sale of laser photography Tuesday and Wednesday, Dec. 4 and 5, in the Goshen Lounge. The exhibit and sale will continue from 9 a.m. to 3:30 p.m. daily. Prices for the laser photo prints range from \$2 to \$20.

Lasers were first used by NASA to take pictures of Saturn. The lasers produce images with more than double the resolution of the traditional camera, and a three-dimensional effect.

STANFORD LEVIN, associate professor of economics at Southern Illinois University at Edwardsville, has been appointed to the Illinois Commerce Commission by Gov. James Thompson.

Levin, of Edwardsville, will replace Charles G. Stalon, who resigned last July to accept a position with the Federal Energy Regulatory Commission. Effective immediately, the appointment is subject to confirmation by the Senate. Levin's appointment is for the remainder of Stalon's uncompleted term, which ends January 1986.

Levin received his bachelor's degree in economics at Grinnell College, and master's and doctorate degrees at the University of Michigan. He has been a member of the faculty at SIUE since 1972.

OPEN AUDITIONS (non-equity) for the Southern Illinois University at Edwardsville University Theater production of William Shakespeare's "A Midsummer Night's Dream" are scheduled at 6:30 p.m. Wednesday, Dec. 5, in the Communications Building theater on the Edwardsville campus.

Auditions should prepare a one to two-minute comic monologue, preferably from one of Shakespeare's comedies. Audition appointments may be made by calling 1-892-3773.

The show will be performed Feb. 28 and March 1 and 2 at 8:15 p.m. and on March 4 at 2 p.m. It will be directed by William Villauer, chairperson of the department of theater and dance.

ALCOHOL AND DRUG AWARENESS will be the topic of a Student Activities workshop in the Dogwood Room of the University Center at Southern Illinois University at Edwardsville on Tuesday, Dec. 4.

The session is scheduled from 1:30 to 3 p.m. and will feature Rudy Wilson, chairperson of the department of curriculum and instruction, who will focus on the disease of alcoholism, its affects and methods of intervention. The workshop is free and open to the public.

SHEILA RUTH, director of women's studies at Southern Illinois University at Edwardsville, will receive the fourth annual YWCA Special Leadership Award in Education on Wednesday, Dec. 5, during a reception at the Clarion Hotel in St. Louis. She was chosen from a group of 600 nominees in the St. Louis metropolitan region because of her involvement with the university's Rape and Sexual Abuse Care Center, her work with the Women's Studies Program and her book, "Issues in Feminism."

The professor has been with SIUE since 1971, serving as supervisor in the development of a minor in women's studies and recently writing 10 proposals for new courses dealing with the concerns of women.

KATHERINE E. BELMER of Granite City is one of 23 students at Southern Illinois University at Edwardsville selected for inclusion in the 1985 edition of "Who's Who Among Students in American Universities and Colleges." Campus nominating committees and editors of the annual directory selected the students on the basis of their academic achievement, service to the community, leadership in extracurricular activities and potential for success.

Belleville Area College

BELLEVILLE AREA COLLEGE's Financial Aid and Placement Office has scheduled evenings hours to serve those who cannot visit the office during the day. The office will be open until 8 p.m. Wednesday, Dec. 12.

It had been scheduled to be open until 6 p.m., Tuesday, Dec. 11; it will close at 4 p.m. that day. The office is open from 8 a.m. to 4 p.m. Mondays through Fridays. It is in room 328S of the Belleville campus, 2500 Carlyle Road, Belleville.

MILES REYNOLDS, director of Belleville Area College's Business Assistance Center, has received the Reporting Award from Dale Carnegie Courses. Reynolds is currently enrolled in a course. The award was made on the basis of outstanding performance as determined by the vote of class members and instructors.

Other area colleges

JOE WILKINS, FORMERLY of Granite City, has been chosen by the alumni of Sangamon State University (SSU) in Springfield, Ill., as the Outstanding Teacher and Advisor of 1984.

Wilkins, a professor of management studies at the university, was honored at a dinner in Peoria, Ill., last week. He was presented with an engraved plaque and a resolution drafted and signed by nearly 300 SSU students.

Wilkins is active in the Explorer program of the Boy Scouts of America and he has assisted the local Explorer Post 10-4 on numerous occasions.

Seminar explores construction

Methods to improve construction management will top the agenda of a two-day seminar to be offered Wednesday and Thursday, Dec. 5 and 6, in St. Louis.

The seminar is sponsored by the Center for Management Studies at Southern Illinois University at Edwardsville. The two-day program is intended for project managers and anyone seeking to plan, schedule and control construction projects.

SEMINAR TOPICS include client relations, project manuals, crisis management, contracts, cost control, claims management and more. The seminar leader will be a representative of T. J. Trauer Associates, a construction consultant organization.

The seminar will meet from 9 a.m. to 4:30 p.m., at Henry VIII Inn and Motor Lodge, 4690 N. Lindbergh Blvd. The cost of the seminar is \$325 and includes coffee breaks, luncheons and all seminar materials.

The cost of the seminar is tax deductible, and teams of individuals from the same organization can receive a 10-percent discount. In-company presentations are also available.

Role of elder in modern drama is dialogue topic

The elder in modern drama will be the theme of the Dialogue with Senior Citizens, Wednesday, Dec. 5, at Southern Illinois University at Edwardsville.

Robert Hawkins, a professor of speech communication, and Lynn Kluth, a professor of theater and dance, will examine how the older person has been depicted in drama and how this depiction mirrors societal and cultural aspects of aging.

THE DIALOGUE with Senior Citizens is a free series of educational programs sponsored by the Gerontology Program at SIUE. The series meets Wednesday afternoons from 1:30 to 4 p.m. in the Dogwood-Maple Room of the University Center.

SIUE study finds Illinois has a strong fiscal outlook

A Southern Illinois University at Edwardsville study of long-term fiscal prospects of local governments in the St. Louis metropolitan area finds that municipalities in the Illinois part of the area have a sound financial future because a relatively high proportion — about 50 percent — of their sources of revenue are responsive to changes in the economy and inflation.

The study was commissioned by the university as part of its 25th anniversary celebration, sponsored by the Office of President Earl Larson, the School of Business and the Center for Urban and Environmental Research Services, and co-authored by two associate professors in the department of economics, Donald S. Elliott and Stanford L. Levin.

COMPARING THE financial prospects for various local governments, the study indicates that "the most striking conclusion is the way in which the different tax structures affect the revenue forecasts for 1989. Expenditures grow with inflation — it revenues do not grow correspondingly, a tax increase must be sought to maintain services at a constant level."

For example, only about 20 percent of St. Louis County's 1981

education will be studied.

Professor Corr is the author of numerous reviews, papers, articles and books in the field of death and dying. During summers for the past six years, he has taken groups to a 10-week work-study program at a leading British hospice unit, St. Luke's in Sheffield, England. In collaboration with his wife, a nursing educator, he has conducted a wide variety of workshops on the subject of death with dignity.

This course is particularly recommended for nurses, clinical psychologists, social workers, clergy, funeral directors, professional educators at all levels, students in these and related fields, parents and prospective parents.

THE COURSE offers four hours of credit; it meets on Monday and Friday afternoons from 2:30 to 4:30 p.m. Winter quarter begins Jan. 2, and registration is underway now.

ADDITIONAL HELP FROM JAYCEES. Larry Beyer, president of the Granite City Jaycees, presents a check for \$1,000 to Project Help representatives, to purchase of food for the area's unemployed. Accepting the check are George Cook, left, director of Project Help, and Charles Hamilton, right, business agent of Chemical Workers Local 50. The Jaycees have contributed \$3,000 to the project thus far, having pledged \$5,000 to the fund. Hamilton is the coordinator of the Jaycees involvement with Project Help, organized in March 1983.

DUI charged against drivers in accident

An accident at 3 a.m. Saturday at West 20th Street and Rock Road, resulted in charges of driving under the influence of alcohol being filed against both of the drivers involved. In addition to the DUI charge, Dennis Lee Reynolds, 28, of 2122 Missouri Ave., was charged with fleeing and attempting to elude police, leaving the scene of an accident with vehicle damage, failure to reduce speed to avoid an accident and two citations for allegedly disobeying stop signs.

The second driver involved, Ricky S. Wallace, 24, of 2915 Harding Blvd., was arrested at the scene. He consented to a breathalyzer test and was released after posting a \$1,000 cash bond, pending a hearing.

Reports said that officers were enroute to tavern at West 20th Street and Illinois Avenue upon receiving a report of a fight when advised the problem had moved to West 20th and Rock Road, where an accident had occurred.

As police approached the scene, a vehicle was seen leaving the area at high speed. The car headed west on Rock Road, turned south on Denver Street and east on Jefferson Avenue to West 20th Street, where the driver, later identified as Reynolds, was stopped by other officers coming to the scene.

Reynolds declined to take a

breathalyzer test or a blood alcohol test, it was alleged.

It also was reported that Wallace's car was seen traveling south on West 20th Street approaching the Rock Road intersection, with Reynolds' car behind him.

When Wallace started to make a turn onto Rock Road, Reynolds allegedly struck the Wallace auto in the rear, with the latter car then hitting a concrete wall and Reynolds allegedly leaving the scene.

Reynolds was released at 11:55 a.m. Saturday after posting a \$302 cash bond.

DRIVER INJURED ON EDWARDSVILLE ROAD

Frederick E. Bosworth, 24, of 2900 Iowa St., was taken by the Madison Fire Department ambulance service to St. Elizabeth Medical Center at 12:05 a.m. Saturday following a one-car accident.

Bosworth was entering Edwardsville Road from McCambridge Avenue when he tried to avoid a vehicle which was southbound on McCambridge. He lost control of the vehicle, struck a utility pole and state directional sign, reports said.

GC Eagles Aerie hosts District 7 meeting

At the regular meeting of Illinois District 7 Fraternal Order of Eagles, hosted by Granite City Aerie 1126, Bob Stanton, president and Illinois F.O.E. state trustee (Granite Aerie), called the meeting to order.

The meeting was opened with the district members reciting the Pledge of Allegiance to the American Flag led by conductor Harold Love, Granite Aerie, followed by the presentation of the Bible and Eagle by Love.

Opening prayer was given by Guido Gasperin (Collinsville Aerie 1051), and a report was given by Carl Buehler, Granite Aerie, secretary.

The roll call of district officers included: Bill Hemken (Granite Aerie) past president, Bob Stanton (Granite Aerie) president, John Piper (Granite Aerie and Wood River Aerie 2773) vice president, Guido Gasperin (Collinsville Aerie) chaplain, Harold Love (Granite Aerie) conductor, Bill Lepping (Alton Aerie 254) inside guard, Carl Buehler (Granite Aerie) secretary, Ellis Wiseman (Shiloh Aerie 545) treasurer, Virgil Gibson (Collinsville Aerie) and Fritz Hoffarth (Shiloh Aerie) trustees. Stanton then called on John A.

Aubuchon (Granite Aerie secretary) to announce the six candidates that were waiting to be initiated into the Granite Aerie. Pat McKinney, and Don Horn served on the interviewing committee.

Members of the district initiating team and the office they had were: Harold Love, past president, Ellis Wiseman, president, Bill Hemken, vice president, Bud Shaffer (Granite Aerie chaplain), chaplain, Bob Stanton, conductor and Bill Lepping, inside guard.

New members initiated were Jose Barchesky, David Neminger, Edwin Illies, William Jenkins Jr., Ira Brewner and Harold Heiney.

Ellis Wiseman said, "We of Illinois District 7 welcome you to our district and to Granite Aerie 1126. Wiseman then turned the presidents chair back to Stanton who said, "I also welcome you to our club and District 7, and I would at this time like to introduce the officers of your own Aerie who are present at this meeting."

Stanton introduced Randy Odom, Harold Love, Larry Barnhart, and John A. Aubuchon and Harold Love gave the welcoming talk to the district members.

The auxiliary prepared a meal to be enjoyed by all following this meeting.

Reports were then submitted for approval by Ellis Wiseman (Shiloh

Aerie) treasurer and Virgil Gibson (Collinsville Aerie) trustee.

Jim Whittle (Granite Aerie and Shiloh Aerie) reported that Felix Yost (Alton Aerie), past Illinois F.O.E. State President and last years Illinois State Chairman of the Golden Eagle Fund, was in the intensive care unit at Jewish Hospital.

Love reported that Lou H. Reed, Grand Aerie general auditor, had told the delegates at the Northern Zone 1 Conference, recently held in Melrose Park, Ill., that there was a fraud going on by people representing themselves as members of the Grand Aerie F.O.E.

Ellis Wiseman announced the date for the Dec. District 7 meeting to be held at the Shiloh Aerie has been changed to Dec. 16.

President Stanton closed the meeting following the final ceremony which was conducted by Bill Hemken, Guido Gasperin, and John Piper.

In the social room, immediately after the meeting, Bud Shaffer, Granite Aerie chaplain, gave the blessing prior to the serving of the meal by the Granite City Auxiliary.

After the meal, Fritz Hoffarth (Shiloh Aerie) said, "I would like to thank the District Aerie and Auxiliary members who participated in the district fund raiser that will benefit the Eagle charities, and to the Granite City Auxiliary."

DUI actions

Recent arrests for driving under the influence of alcohol included:
